FIRE COMPANY ELECTS NEARY FOR 2ND TERM

Robert S. Neary, W. Middle St. jeweler, was elected to a second term as president of the Gettysburg Fire Department at its meeting Wednesday evening in the engine house.

Fern Ohler was renamed vice president; Robert Hartman, chief; Charles J. Kerrigan, first assistant chief, and William DeHaas, treasurer.

Thomas Gormley was elected recording secretary succeeding Mayor William G. Weaver. Julius Swope was chosen to a four-year term on the ambulance board. Bernard Robinson was elected chaplain; Gerald White, equipment foreman, and Larry Hankey, representative to the Southeastern Firemen's Association.

TO CONTINUE FESTIVALS

By unanimous vote the firemen decided to continue the annual festivals held in observance of the anniversary of the Battle of Gettysburg.

Martin Crabill and Robert Neary were named cochairmen for the 1964 festival with the remainder of the committee to be named later. President Neary said the action had to be taken Wednesday night to permit securing of rides and amusements for the anniversary whose dates were set as June 28 to July 4.

Donald Myers, Donald Hammers, Eugene Sickles, Donald McSherry, Emory Strausbaugh and Charles W. Culp Jr. were named as the committee for the annual Veteran Firemen's dinner.

TO PLAN BANQUET

Named as the committee for the ladies' night banquet in February were Daniel Miller, Clifford Harman, Fern Ohler, Dale Keller, Ray Breighner, Martin Crabill, William Decker, L. C. Hamme and J. C. Irvin.

Chief Hartman reported purchase of hose by the borough for the fire company.

Secretary Weaver reported $789 raised so far in the annual Muscular Dystrophy drive and added

COUNTIAN SUES FOR $1,031,000

A suit for $1,031,000 has been filed in U.S. District Court in Baltimore against "John D. Leatherman and Mrs. John D. Leatherman, both of Thurmont; Sheriff Buck Alexander, Justice of the Peace Robert Kennedy and Justice of the Peace Lewis of Frederick" by Karl A. Stello of New Oxford.

Stello, a former husband of Mrs. Leatherman, entered the suit without aid of an attorney on December 5. He claims that Leatherman alienated and then married his wife, Frances, before she was divorced from him (Stello) in November, 1955. He contends that the woman engaged in a character assassination and that he lost his naval reserve commission, his civilian job, his 143-acre farm at Rocky Ridge and his credit rating. He also claims that Leatherman obtained his crops, livestock, put a second mortgage on his farm and caused his illegal arrest.

The suit alleges that the sheriff and justice of the peace became involved when he was arrested and foreclosure papers were filed on his farm.

Stello seeks $1 million in punitive damages and $31,000 as the value of the things he has lost.

School Directors Convening Today

Adams County's school directors gather late this afternoon at the Littlestown High School for their annual convention with late afternoon, dinner and evening business sessions scheduled.

Three positions on the county board of school directors are to be filled and there will be talks and discussions on area technical schools and the new school district reorganization law. Speakers will include York County Superintendent of Schools Joseph Wilson and Dr. Herbert E. Bryan, director of school organization for the state Department of Public Instruction.

Littlestown High School students will entertain at the opening session at 4:30 o'clock.

BLOOD DONORS

Blood donors at the Warner Hospital from November 27 through December 9 included Albert Poole, Henry Roth, Charles Dillon, Joseph Arentz, Miss Jane Stallsmith and Richard Sandor, Gettysburg; Wilbur Mayers, Margaret Ritter, Luther Ritter, Earl Weaver, Charles Bridinger and Albert Boyd, Littlestown.

FBI Agents Scour Valley Area North Of Hollywood In Sinatra Kidnap Case

By JAMES BACON
A.P. Movie-Television Writer

HOLLYWOOD (AP) — The FBI dispatched a dozen men to the San Fernando Valley north of Hollywood during the night, arousing speculation that agents might be on the trail of suspects in the Frank Sinatra Jr. kidnapping case.

The FBI acknowledged it had men in the area but wouldn't say what they were doing.

Newsmen learned through police that several residents of the area telephoned the West Valley Police Station, saying men believed to be FBI agents were checking houses on one street and stopping cars at intersections in the same neighborhood.

FBI OPERATION

Officer Gene Radomski of the West Valley division of the Los Angeles police department said it was "strictly an FBI operation." He said police hadn't been told the nature of the FBI activity but assumed it was connected with the Sinatra case.

Wednesday, after Sinatra Jr. was returned to his family for $240,000 ransom, Los Angeles Police Chief William H. Parker complained his department was left completely in the dark on developments in the case.

"This is the first time in my memory that we have been faced with probable criminal activity in the city of Los Angeles and have been unable to (respond)," Parker said at a news conference. "We have always worked as a team with law enforcement agencies."

WON'T INTERFERE

Parker said he didn't want to interfere with the FBI. "I'm sure they had adequate reason for not bringing us in," he said. "I am just pointing out our position. I am concerned with the criticism we may ultimately receive in a case which we have been deprived of any opportunity to solve."

Sinatra Jr., a slender, 19-year-old who has followed his father's footsteps by undertaking a singing career, was abducted by two armed men Sunday night from his motel room at a Lake Tahoe resort on the California-Nevada border. He had a singing engagement at a casino there.

GIVES NO DETAILS

Fifty-four hours later, after his father arranged to have $240,000 planted at a pickup point in West Los Angeles, Sinatra Jr. was released on a freeway about two miles from his mother's home in the Bel-Air section of Los Angeles.

The youth told newsmen later he was kept blindfolded during his captivity but "wasn't harmed at all."

He said he cannot discuss details of the abduction until the FBI finishes questioning him.

SEMINARY GRAD TALKS SUNDAY IN FAIRFIELD

Dr. J. Lawrence Burkholder, professor of pastoral theology at Harvard University and a member of the faculty of Harvard Divinity School since 1961, will be the guest speaker Sunday morning at the Fairfield Mennonite Church service at 10:45 o'clock.

DR. J. L. BURKHOLDER

A native of Newville, Pa., Dr. Burkholder received his B.A. from Goshen College in 1939 and was graduated from the local seminary in 1942. He received his doctorate of theology in 1958, summa cum laude, from Princeton Theological Seminary.

After graduating from the local seminary he served as pastor of the First Mennonite Church in Croghan, N.Y. (1942-43). From 1944-48, he was a relief administrator in the Far East, first as secretary of the Bengal Christian Council Relief Fund in Calcutta, India, during the famine of 1944;

PARKED CAR DAMAGED

A car owned by Chester "Mac" Thompson, Bendersville, was struck by a "hit and run driver" this morning at 12:40 when it was parked on York St. in the 500 block.

Borough police said damage to Thompson's car was $350. The driver who struck the Thompson vehicle continued on westward and local police notified Chambersburg police to be on the lookout for a damaged vehicle headed that way.

To Judge Fraternity Houses On Friday

Hoping that forecasts for clearing weather tonight and Friday hold up, fraternity men at Gettysburg College today were rushing work on outdoor Christmas decorations at the chapter houses in preparation for the annual judging Friday evening from 6 to 8 o'clock.

The judges for the annual contest sponsored by the Interfraternity Council will be Dr. Neil Beach and D. L. Radsma of the college, Attorney John A. MacPhail, Mrs. Russell Morgan and Clarence A. Benson.

Winners will be announced and trophies awarded Saturday at 2 p.m. at a concert to be presented by the Rooftop Singers at the Student Union building. There will be trophies for the first and second place winners and an honorable mention.

Bolivian Catholics Seek Release Of 4 Americans Held By Red Tin Miners

ORURO, Bolivia (AP) — Catholic Church leaders were reported today trying to secure the release of a group of hostages, including four Americans, held by Communist-led tin miners.

A standoff prevailed between government troops and armed miners in the Catavi area where the hostages were held as pawns for two Communist union leaders arrested by President Victor Paz Estenssoro's government. The government still insisted it would not trade the arrested men for the hostages.

Msgr Andrew Kennedy of St. Louis, Mo., a member of the staff of the Catholic vicar general in La Paz, arrived in Oruro enroute to Catavi, 30 miles away.

CONTACTS MINERS

Informed sources said Msgr. Kennedy had been in contact with representatives of the miners' union and the miners were willing to have him mediate the dispute.

The priest was also said to be carrying a letter to the miners from the two jailed union leaders, Irineo Pimentel and Federico Escobar. Both have been indicted on charges of sabotaging government mine operations, attempted murder and promoting anarchy.

There was no word of any direct negotiations between the government and the miners for release of the hostages. But tension in the area eased somewhat after a Defense Ministry statement said troops would not move against the defiant miners and President Paz Estenssoro ordered army patrols withdrawn from Catavi.

REPORTS CONFLICT

There were conflicting reports about how many men were being held hostage

Newsmen who visited Catavi Tuesday saw 11 others besides the four Americans — a Dutch mine manager, a German mine superintendent and nine Bolivian technicians.

However, the government mining agency, Comibol, reported there were 19 hostages—the four Americans, the Dutchman, the German, 11 Bolivian technicians and two Bolivian government officials.

Youth Hurt When Car Hits Snowplow

George Reese, 19, New Oxford R. D., suffered a severe laceration of the face this morning when his car smashed into the back of a snowplow about four miles west of New Oxford on the Lincoln Highway.

State police said Carl E. Bollinger, 34, Hanover, was operating a plow west on the highway when Reese's car came upon the slow moving vehicle. Reese was unable to go around the plow and his sedan skidded into the rear of the truck, causing $500 damage to the truck and $400 to the car.

Reese was removed to the Warner Hospital here by the New Oxford ambulance.

RAY J. SNYDER QUITS POST IN COUNTY OFFICE

Ray J. Snyder, clerk to the county commissioners for approximately 20 years, has resigned that post effective Saturday.

His resignation was accepted "with regret" by the commissioners at their meeting in the courthouse Wednesday. Commissioner President E. Donald Scott and Commissioners Clarence J. Waybright and Charles Bender in accepting the resignation said that Snyder "has served the county efficiently and well over many years. Through his exceptional work in personal property assessments the county probably secured tax income which possibly otherwise it might not have obtained, because he was diligent in searching out the ownership of stocks, bonds, mortgages, etc. and their value over many years. He conscienciously and faithfully served the county in all of his activities in the commissioners' office.

HEALTH REASONS

Snyder listed reasons of health for his resignation.

Mrs. E. Romaine Cramer, W. Middle St., bookkeeper in the commissioners' office who had been employed by the county for the past year, also resigned. She started today as an employe of Summit Industries.

Approval was given for payment of $2,124.25 to Tyrone Twp. and $1,219.36 to Liberty Twp. for road work under "county aid."

A report from the concern engaged in constructing the new traffic lights at Cross Keys showed work is to begin Monday on that project.

The commissioners certified the Adams County Future Farmers of America as a county organization. The certification was asked to permit state assistance to FFA.

The Adams County Historical Society asked an increase in its annual donation from the county from $800 to $1,200. The matter was referred to the new board of commissioners which takes office January 6.

2 WOMEN HURT IN $700 CRASH

Two women were injured this morning when their cars collided a half mile east of Fairfield on the Gettysburg Rd.

State police said Mary E. Beard, 42, Gettysburg R. 2, was driving east and lost control of her car on the slippery highway. It crossed the center of the road and struck an auto driven by Cleo A. Helman, 61, Gettysburg R. 6.

Fairfield firemen were summoned when one of the cars caught fire.

Mrs. Beard was reported as suffering multiple face fractures, a compound fracture of the nose and contusions of the body. Mrs. Helman suffered a broken nose, contusions of the right chest and possible fractured ribs. Both were taken to the office of Dr. James A. Hammett by passing motorists.

Damage to the Beard car was estimated at $200 and to the Helman car at $500.

Sgt. Treas Sent To Chambersburg

Sgt. James A. Treas, 121 Barlow St., today assumed command of the Chambersburg substation of the Pennsylvania State Police.

Stationed at the substation here for many years, Treas served as head of the criminal investigation division here as a corporal for a number of years. He was promoted to sergeant as of today and transferred to the Chambersburg substation.

No immediate replacement was named here.

SEND OUT 35 SNOWPLOWS ON HIGHWAYS

The first snowfall of the season for Gettysburg and most of Adams County arrived in the early hours of this morning and reached a depth of two to three inches before changing to sleet and then a light drizzle.

The state Highway Department sent 35 trucks out to plow highways starting soon after midnight and at noon today half of them were still at work.

The Highway Department said the snow reached a depth of about three inches in the mountains. The Gettysburg Times weather station recorded two inches of snow. Combined with the sleet and drizzle a total precipitation of a third of an inch was measured.

By THE ASSOCIATED PRESS

The first statewide snow storm of the season swept through Pennsylvania Thursday.

It made driving hazardous, slowed public transportation and forced closing of schools in some areas.

The fall was deepest in western Pennsylvania where from two to six inches of wet snow left highways mostly sloppy. There was an accumulation of about two inches in the Philadelphia area, but it turned to slush as the snow changed to rain shortly

The speed limit on the Pennsylvania turnpike was reduced from 60 to 35 miles per hour. Maintenance crews salted and scraped the super highway throughout the early morning hours.

The two major commuting railroads in the Philadelphia area, the Pennsylvania and Reading, reported carrying some extra passengers and said there were only a few minor delays. The weather did not cause any serious tieups, spokesmen said.

In central Pennsylvania, a fall of about two inches was reported. There too, the snow turned to sleet and rain and left streets and highways slushy.

Wayne K. Shields Will Be Deputy

Prothonotary-elect George F. Weaver, Gettysburg R. 4, today announced the appointment of Wayne K. Shields, Gettysburg R. 6, as his deputy.

Shields, currently employed in the mapping department of the assessor's office at the courthouse, will assume his new duties as deputy prothonotary January 6 when Weaver takes over the office from retiring Prothonotary Herbert W. Miller.

Shields had served as prothonotary from 1950 to 1956, filling out the unexpired term of his father for two years and then serving a full term of his own.

As deputy prothonotary Shields will be filling a post held for many years by Miss Edna Eicholtz, who is retiring as of January 6 after approximately 46 years of service in the courthouse, mostly in the prothonotary's office.

TO PRESENT PLAY

A silhouette play, "In the Light of the Christmas Star," will be presented in the Gettysburg Church of the Brethren Sunday afternoon at 2:30 o'clock. The choir will provide the accompaniment.

4 Brothers Swallowed Up In Huge Earth Movement; Homes Dumped Into River

ST. JOACHIM DE TOURELLE, Que. (AP) — A second earth movement today sent two houses tumbling into a sea of mud which swallowed up four brothers in a truck and three other houses Wednesday night. The first earth movement also demolished a highway bridge and carried four homes into the St. Lawrence River.

Quebec provincial police, working throughout the night to help this stricken and alarmed Gaspe Peninsula community, ordered 10 houses evacuated.

Except for the brothers, no other deaths were reported in the sudden earth shift in this small Gaspe Peninsula community 275 miles northeast of Quebec. But the situation was so confused that officials said there may have been more fatalities.

A pit 150 feet deep and a half square mile in area was opened in the Tourelle Creek Valley 500 to 1,000 feet above the Gaspe Highway.

CAR DISAPPEARS

Quebec provincial police said a car also was swallowed up by the earth movement but that its occupants—a couple — were pulled out of the mud by rope.

The truck carrying the brothers vanished. They were identified at Johnny Therrien, 32, and his brothers, Raymond 28; Benoit, 22, and Onesime, 20.

Constable Martin Gauthier said fishermen in three boats rescued at least six persons from the houses swept into the

Holiday Rush Begins At PO

Gettysburg post office area residents are receiving the annual "in town" and "out of town" mailing wrappers for their Christmas cards.

Postmaster Charles W. Pentz urged use of the wrappers on Christmas cards and similar mail to expedite its handling during the current Christmas rush.

The windows at the post office, he said, will be open Saturday from 8 a.m. to 5 p.m. and will be open on those hours also on December 21.

"The rush is starting now," he said, noting that approximately 20,000 Christmas cards were cancelled at the post office Wednesday.

He urged those who have not yet mailed Christmas parcels to out-of-town destinations "to do so as quickly as possible if they wish to be sure that the packages will arrive before Christmas."

Catholic Women Postpone Supper

The annual Christmas dinner for the Women of St. Ignatius Loyola Catholic Church, scheduled to be held this evening, has been postponed to Thursday, December 19, Rev. Fr. Louis J. Yeager announced this morning.

Decision to postpone the dinner was made after about three inches of snow had fallen in Buchanan Valley and weather forecasts suggested icy conditions for highways tonight.

DRAWING ON DISPLAY

A drawing by Norman Annis of the Gettysburg College faculty is among the 230 pieces selected from 3,500 submitted to a jury for the second biannual "Drawings USA" exhibition now being shown at the St. Paul Art Center, St. Paul, Minn. The exhibit continues through January.

CLUB IS TOLD HOW TO MAKE XMAS CANDLES

Mrs. John Feeser Jr., Littlestown, addressed the Woman's Club of Gettysburg Wednesday afternoon at the YWCA on "Candles For the Yuletide." She described the method of making the candles and showed some of the decorative tapers she has made since taking up the art of candle-making as a hobby.

Mrs. Feeser showed how she made the candles, using as molds such ordinary articles as a juice glass, cardboard milk carton, a piece of rain-spouting, cardboard tubes, and children's rubber balls, cut in half.

The decorative parts of the candles were made from pearls and other jewelry, velvet ribbon, gold doilies, glitter, gold braid and smaller pieces of candles. One of the most ornate was a tall pyramid candle which was decorated with flowers and leaves also made of colored wax. The colored wax was achieved by melting crayons or lipstick.

WHIPPED WAX

Many of her candles were trimmed or covered with a whipped wax, which was achieved with a hand beater. Mrs. Feeser demonstrated the inserting of the wick before pouring the wax, and also told the members that the wick can be inserted after the candle is formed by heating a skewer or ice pick and drilling a hole through the candle. She told the women that the wick thread can be purchased at most hobby stores or that they could make their own wicks by using a medium weight cord which had been soaked over night in a solution of one tablespoon of salt and two tablespons of borax dissolved in a cup of water. She cautioned against the use of too heavy a cord, which can cause smoking of the wick as it burns.

Mrs. Guile W. Lefever gave a brief history of the art of candle-making, quoting from the Holy Bible from Proverbs 20:27 and St.

To Give Christmas Program Sunday

The Mennonite Players will present "Kings In Judea," Sunday evening at 7:30 o'clock in the Fairfield Mennonite Church.

The Christmas drama by Dorothy Sayers uses a Biblical setting to relate the lives of the Three Kings, King Herod in Jerusalem, and the Child King in Bethlehem.

The 23-member cast is directed by Mrs. A. W. Roth.

TOWNSHIP'S OFFICIALS ELECT HEIKES

Mearl Heikes, East Berlin R. 1, was re-elected for his sixth term as president of the Township Supervisors and Township Auditors, Assessors and Tax Collectors Association of Adams County at its 46th annual convention Wednesday at the courthouse.

All other officers were also re-elected: Clyde W. Hall, Orrtanna R. 1, vice president; Ervin J. Baker, East Berlin R. 2, secretary, and Clyde A. McCauslin, Aspers R. D., treasurer.

Named as delegates to the state convention were President Heikes, Treasurer McCauslin and Gerald Topper, New Oxford R. 2. Elected as alternate delegates were Vice President Hall and Secretary Baker.

OPPOSE "LAND GRABS"

Eleven resolutions were passed by the convention. Among them was one "demanding a stop to the piecemeal land grabbing" under present laws which permit boroughs and cities to annex built-up portions of townships adjoining the cities or towns. The township supervisors asked that the municipalities be forced to take the whole township if they want to annex part of it.

Another resolution noted that cities and towns are "flouting" the present law compelling payment to townships of costs of improvements in annexed areas and asked the state to pass a law providing that "no annexations shall be consummated until all such debts are paid."

Resolutions were passed asking the state to compel the state Highways Department to take over all bridges on roads which the state takes over, and asking the state to provide a separate fund for bridge construction and repair, to be paid on the basis of need.

URGES JANUARY ACTION

Adopted again was the resolution calling on the state legislature to compel the Department of Highways to designate the shortest available public highway as the official detour when state highways are closed and detours established. Under the

SCHOOL BOARD MOVES TO KEEP C. SLAYBAUGH

Charles E. Slaybaugh, New Oxford, school director for the last 18 years, was named an honorary member of the New Oxford Area School District board Tuesday evening in order that he may complete his term as a member of the regional legislative committee of Pennsylvania State School Directors. He was one of 12 school directors who were not replaced under the merged school district plan. Five more directors will be dropped from the board in two years to reduce the board to nine members.

Glenn M. Haar was re-elected president of the board for the third term at the reorganization session and Paul C. Miller, who was re-elected to the board in November, was named vice president to succeed Harry Baugher, one of the retiring members.

NEW DIRECTOR

J. Faber Wildasin, Abbottstown, was sworn in as a new director with Miller and John Haar, who also was re-elected.

Retiring directors in addition to Baugher and Slaybaugh were Raymond Laughman and John Wolf, Berwick Twp.; Bernard Murren and John Budd, Mt. Pleasant Twp.; Nelson Orndorff, New Oxford borough; Ray Breighner and Melvin Sharrer, Tyrone Twp.; Robert Berkheimer and George Zortman, Abbottstown, and Norman Wolf, Hamilton Twp.

The board approved bills for payment in the amount of $35,258.35. The financial statement showed a total of $411,733.81 in receipts and $358,027.16 in expenses, which included a $75,000 time deposit approved in November for a balance of $53,706.65. The board also approved payment of $900 for curbing at the elementary building and authorized a salary

Men's Clothes, For Xmas Gifts, Are Classy, Dressy, More Attractive To Please "Master Of The Household"

All you need to make the "master of the household" happy this Christmas is money. The manufacturers have taken care of everything he needs.

It's a great year for clothes, if he's planning to enter the "best dressed" field. Imported tweeds and handsome sports wear will make anyone look healthier. Melton British strollers lined with alpaca and trimmed in a collar of the same material are one of the newest lines in men's wear at $34.95. Imported Harris tweed topcoats are back in high fashion again after too many years away from the scene at $45, and all wool gabardine top coats — a must for the in-between seasons — are $45.75.

Astrakan hats (not real, but an excellent imitation of Mr. K's favorite headgear) are priced at $5.95 and are meant to protect even the baldest head. Face masks, attached to knit caps, are just what the sportsman wants and they're only $1.98.

STROLLER COAT

Handsome sports coats are offered in poplins, corduroy and lined cottons for $16.95 to $35, but the classiest thing in town is a soft leather stroller coat with zip-in lining for $55. Bush coats in subtle woolen plaids are $19.95, Pendleton jackets are $18.95 and plaid shirts are $10.95 up.

There are all sorts of accessories and apparel designed to make smoking more enjoyable. There are smoking jackets in red corduroy for $16.95; black velvet for $22.95; pipes from $2.50 up; pistol lighters at $5 and up, and large ash trays for $3 up. If he's the long, cool type he'll want his own porcelain house-sized flask at $3.95, and if he mixes it with gold he'll want a thermos caddie with four tees that hooks right onto the golf cart at $7.95.

SWEATERS, GLOVES

He can't drive a sports car unless he's properly dressed, and that includes a red suede or checkered woolen vest at $8.95 up; a camel's hair sports coat at $32.95; sports sweaters from $6.95 up and a cashmere pullover sweater at $27.50. Handsome suede jackets start at $22.95, and gloves are $3.95 up.

The hunter will tell you he needs a complete outfit of insulated clothes. The coat is $26.95 up, trousers are $22.95, and underwear is $17.50 a set. Insulated ski parkas are $17.95 to $29.95.

The little incidentals for hiding in the tree include pajamas at $3.95 up; night shirts at $5 up; woolen or silk ties at $1.50 up; fitted cases; shoe-shine kits; dresser valets and jewelry sets. If he really insists on being neat the silent valet at $5.95 is just what he's waiting for. Dressing robes start at $10.95 and slippers are as low as $3. Belts are $2.50 to $10 — and don't forget the rainy days; umbrellas with a wide variety of handles are $3.95.

SPECIAL GIFTS

In the special gifts department are two items no man should be without — a spinning battery-operated reflector light to set along the highway if he breaks down at night, and a parking meter alarm that he can set like an alarm clock to keep him out of the clutches of the police department.

For the man who has everything and couldn't possibly be impressed by anything you can buy — what about a new rug for the living room? Or a new chaise longue for the bedroom?

3 BIG JOBS AHEAD FOR BD. OF EDUCATION

HARRISBURG (AP) — The new state board of education was told in a report today its major school problems lie in three areas — administration; law implementation, and program development.

The report was the final one of the Governor's Committee of 100 for Better Education. It was submitted to the 17-member state board at its regular meeting.

Within those areas, the committee said, "the board will be faced immediately with at least these problems":

REORGANIZATION OF DPI

—Reorganization of the Department of Public Instruction.

—Implementation with the revised school district reorganization law approved by the 1963 legislature.

—Planning "a total system of higher education including the role of each type of institution and role of the state."

—Development of a new system for distribution of state aid to school districts "which will encourage educational excellence and meet the most pressing problems of the day."

—Implementation of community college and technical education legislation approved by the 1963 legislature.

—Analysis of the role of state government in education.

3 YEARS OF WORK

The committee said it submitted its report "with the knowledge that the new state board has a unique opportunity to rapidly accelerate the progress of education in Pennsylvania."

The final report of the governor's committee completed nearly three years of work—much of it controversial—in analyzing the state's school program and making recommendations.

During its three-year term it recommended many proposals that since have become law.

Its most controversial plan was for school district reorganization. As modified by the legislature the plan became law in 1961—touching off a two-year controversy that didn't end until the 1963 legislature revamped the law.

Orrtanna

ORRTANNA — "The Spirit of Christmas" was the theme for the program at the December meeting of the Women's Society of Christian Service of the local Methodist Church held recently in the church hall.

The meeting opened with an introduction by the president, Mrs. Mary Tressler, after which the song "It Came Upon a Midnight Clear" was sung and the history of the song was given by Mrs. Tressler. Scripture from Isaiah and St. Luke was read by Mrs. Ruth Donaldson. Prayer was offered by Mrs. Tressler after which the history of "O Little Town of Bethlehem" was given by Miss Jean Biggs and history of "Silent Night" by Mrs. Floyd King. Readings were given by Mrs. Donaldson and Miss Pauline Deardorff.

A skit "Spirit of Christmas" was given by the following: Mrs. Beulah Newell, Mrs. Irene Stansbury, Mrs. Mary Hess, Mrs. Floyd King, Mrs. Althea March, Mrs. Phyllis Flenner and Mrs. Grace Wetzel after which the group sang "Joy to the World" and the history of the song was given by Mrs. Tressler.

A playlet "We the People" was given by the following: Mrs. Tressler, Mrs. Ruth Donaldson and Miss Pauline Deardorff. A reading preceded the playlet by Miss Susan March. The history of "Hark the Herald Angels Sing" was given by Mrs. Tressler and used as the closing song. A covered dish supper preceded the meeting and names of secret sisters were revealed.

Papers Filed In Three Estates

The will of Izora Myers Shull, late of Tyrone Twp., has been entered for probate at the office of the county register and recorder. The $10,500 estate is left to four children. Executors are Stanley M. Shull, New Oxford R. 2, and Kenneth L. Shull, New Oxford R. 1.

The will of Archie G. Nagle Jr., late of Fairfield R. 1, has been entered for probate with the widow, Alice Catherine Naugle, as executrix of the $6,000 estate.

The will of Grant E. Hankey, late of Highland Twp., has been entered for probate with Glenn R. Trostle, Gettysburg R. 3, executor of the $1,750 estate. The brief will, stating "Everything I own goes to G. R. Trostle," was written on the side of a Gettysburg National Bank mailing slip.

COUPLE LICENSED

A marriage license has been issued at the courthouse to Charles Sherrill Nielson, son of Mr. and Mrs. Christian Richard Nielson, Montgomery, Ala., and Branda Mae Hall, daughter of Mr. and Mrs. Vinton D. Hall, Gettysburg R. 4.

BIBLE INSTRUCTOR

He returned to this country in 1949 to become instructor of Bible and philosophy at Goshen College. In 1953, he was appointed a teaching fellow in the Department of Religion at Princeton University. The World Council of Churches sent him to Viet Nam in 1954 as a relief commissioner with instructions to plan the resettlement of refugees in the partition of the French Indo-Chinese empire.

From 1955-60 he was professor of Bible and philosophy at Goshen College. During that time he was also director of the Goshen College Theological Worship (1958) and a member of the Economic and Social Relations Committee of the Mennonite Church (1956-60). In 1960, he became a member of the committe on Liberal Arts Education of the North Central Association of Colleges.

Professor Burkholder has published numerous articles and pamphlets on Mennonite doctrine and the problems of the church in the Far East.

Cambodia Calls Ambassador Home

PHNOM PENH, Cambodia (AP) — Prince Norodom Sihanouk, Cambodian chief of state, said today Cambodia has recalled its ambassador to Washington following a protest registered by the U.S. government.

The protest concerned a reported communique of the Cambodian government which the United States charged expressed satisfaction at the death of President Kennedy, along with the deaths of South Viet Nam President Ngo Dinh Diem and Thailand Premier Sarit Thanarat. The Cambodian government denied any reference had been made to President Kennedy.

The State Department in Washington declined immediate comment on the situation. It was known, however, that a broadcast of the government statement in question produced shock when U.S monitors first heard it. An immediate inquiry was launched.

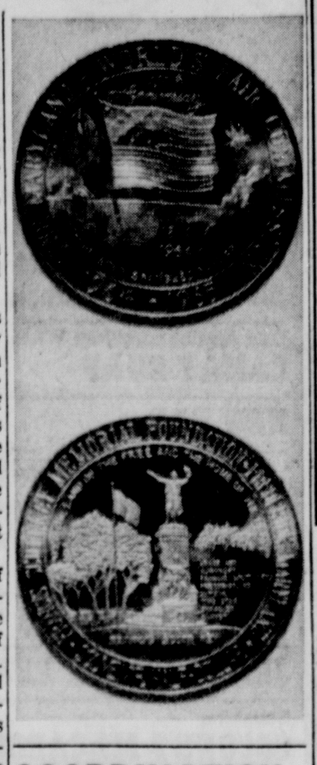
Francis Scott Key Medals Go On Sale At Three Banks



The Francis Scott Key Souvenir Commemorative Medal is now an advance sale here, according to Wilbur A. Bankert, president of the Adams County National Bank, in an announcement made today. Shipments of the medals have arrived and are on sale at the bank's Gettysburg, Littlestown and McSherrystown offices. The price of the medal is 50 cents each.

The commemorative medal is the "official" Francis Scott Key Medal of the Maryland pavilion at the New York World's Fair for the year 1964-1965. The theme of the Maryland Pavilion is Francis Scott Key and the writing of the "Star-Spangled Banner." It will go on sale at the fair during the 150th anniversary of the nationally famous event inspired at Fort McHenry, Baltimore.

Carrying out the theme of Francis Scott Key and the bombardment of Fort McHenry, the medal has been done by one of the country's leading die-makers. It was designed by James Pearl of Frederick, a commercial artist known and recognized for his design work on othe commemorative medals and stamps. On the obverse side, it pictures the monument to Francis Scott Key in Mt. Olivet Cemetery in Frederick, where she is buried. On the reverse side, it bears the emblem of the Maryland Commission for the New York World's Fair, a replica of the original flag that flew over Fort McHenry throughout the bombardment in 1814, the British ship, with the bombs and rockets bursting in the background. It also proclaims the sesquicentennial of the writing of the famous words by Key.

A descriptive pamphlet, carrying the story of the writing of the Star-Spangled Banner by Key will accompany the sale of each medal without additional charge. These are printed on parchment-type paper and explain the purposes of the foundation which is sponsoring its sale.

The medal is struck in golden bronze and is 1 5/16 inches in diameter. Made of 14-gauge material, it is the accepted size and design approved by medal and medallion collectors. It is copyrighted by the foundation to protect the pattern and design, which will also add value to the medals in years to come as a collectors' item. All profits from the sale of the medals will accrue to the foundation to provide a suitable memorial to house the mementos of Key and other nationally famous people. The foundation is a nonprofit Maryland corporation.

COORDINATION IS STATE NEED

HARRISBURG (AP) — Gov. Scranton Wednesday night called for more efficiency and better coordination in meeting the problems of health and welfare.

Speaking at the first Commonwealth Conference on Human Services, Scranton said the great weakness in today's public and private health and welfare activities is duplication and overlapping of effort.

Human problems, such as unemployment, child welfare, or health, "must be attacked in a coordinated effort," the governor said.

Some 1,400 delegates are attending the conference, sponsored jointly by the governor's newly created Council for Human Services and the Pennsylvania Citizens Council.

The conference has set as its aim finding ways to improve cooperative, coordinated action between state government and voluntary organizations.

RECEIVES BIDS

HARRISBURG (AP) — The Public School Building Authority says it has received unoffici bids totaling $1,165,658 for two projects in Chester County.

One project involves construction of an elementary school, the other an addition to a secondary school, both in the Unionville-Chadds Ford district.

Bids for the addition totaled $412,229.

TOWNSHIP'S

(Continued From Page 1)

present laws the state puts the detour on its own maintained roads, which may make a detour miles longer than one that could have been placed on township roads in the vicinity. The public soon learns of the shorter route over the township road, the heavy traffic damages the township road and the township can obtain no assistance in repairing the damage. Such aid would be possible if the township road had been designated as a detour.

Milton W. Delancey, state secretary of the supervisors' association, urged each board of supervisors at its annual meeting January 6, to pass three resolutions, each one authorizing a separate supervisor to work on the roads and setting his salary. The salary then has to be approved in each instance by the auditors at their meeting January 7.

Delancey explained that, "A supervisor is elected to supervise, not to work on the roads, and he cannot work on the roads and be paid for it unless there is a resolution on the minute books of the township supervisors stating he was duly elected to work on the road, at a certain salary, and there is a comparable notation on the minute books of the auditors stating they approved that salary for that individual."

He added: "Most boards appoint a road master and let it go at that.

URGES SURE PROCEDURE

"Only those who are authorized to work on the roads may do so. If only one road master is named, then the other supervisors may not work on the highways. And If only one roadmaster is named, are you going to get the auditors together to set a salary after you elect a new man? The easiest thing is to name all three at your annual reorganization meeting. It doesn't matter if they never work on the roads. If they are needed, they legally can do it."

He also said the supervisors can name anyone as a roadmaster and need not name any of the supervisors for road work.

For the first time this January the supervisors will legally be able to transact business other reorganization.

THOMSON SPEAKS

Delancey added that the last legislature passed a bill authorizing the supervisors to "regulate and control any situation" within the township. Previously they were limited to only that which had been spelled out by statute.

H. A. "Cappy" Thomson, secretary emeritus of the state supervisors association, made one of his rare appearances at a county convention since his retirement a few years ago when he reached age 72. He said he came to Adams County because he always enjoys visiting here, and said he has been busier than ever since retiring. He led the unsuccessful fight against the Constitutional convention.

URGES ZONING

Thomson told the supervisors: "I want each township to set up a planning commission now and get zoning laws and laws regarding developments on your books. You are right in the path of development, you can see it coming closer every day. Get your regulations down before you are in trouble. Any township in eastern Pennsylvania which opposes zoning today is ignorant. We need zoning ordinances now to prevent the problems that are going to be upcoming in the next few years."

He also urged the supervisors to "fight the devaluation of our currency. Every day our national debt increases and the value of our dollar goes down. When it hits the bottom our nation will be bankrupt and we will lose our freedoms. The best way to destroy democracy is to destroy its currency."

CITES NEW POWERS

Henry W. Graham, district township engineer, told the supervisors to begin plans for road work early and get approval for the work from the state before they begin it. "If you start your project without state approval, you will have to pay for it yourself, because there will be no state funds given. In the past there was a lot of work almost completed before state approval was secured and you got paid, but that is true no longer."

Delancey in his talk to the supervisors told them that they have the right to regulate junk yards or "auto graveyards" and can force already existing ones to put a fence around their entire property. "And two autos without current licenses constitute an auto junk yard."

SANTA LETTER NEEDS ZIP CODE

The Post Office Department is getting together with Santa Claus this year to make sure that children who write to the North Pole get an answer from the best-known citizen up there, Postmaster Charles W. Pentz said today.

"Part of the post office efforts to encourage a wider use of ZIP coded addresses assures children that they will receive a message from Santa Claus if they write to him by December 15 at 'North Pole 99701,' and use their own ZIP codes in their return addresses," Pentz explained.

The enlistment of Mr. ZIP as Santa Claus' newest helper became a familiar fact to children everywhere on Thanksgiving Day when TV network viewers saw the familiar cartoon character in the traditional Macy's Christmas parade in New York City, Postmaster Pentz pointed out.

Santa's reply to the children's note, to be delivered free of any additional charge through the courtesy of the postal service, will be a gaily-decorated card with an appropriate reply to please the children, the local postal head noted. All that is required is the children's note to Santa with regular 5c first class postage on the envelope, together with the ZIP-coded address and return address.

"We are very pleased to make this service available to the children for their big day," the postmaster commented. "Actually, we in the post office have been Santa's biggest helper for many years and I think it is very appropriate that we extend our lines of communication a little at Christmas for the youngsters."

CLUB IS TOLD

Matthew 5:15, which made reference to candles and also reading poetry concerning candles.

STUDENT SINGS

Miss Mary Alice Nutter, a Senior at Gettysburg High School, sang "Sweet Little Jesus Boy." Her accompanist was Mrs. David Long.

The program was presented by the Garden Department of the club whose members had made beautiful Christmas decorations featuring the use of candles which were displayed in the dining room of the Y. They had also prepared a decorated candle favor on a wooden base to be given each member with the hope that on Christmas Eve these candles would be lighted and placed in a window with the thought of "Peace on Earth" and Christmas joy being kindled in this area with the prayer that it could be the beginning of the lighting of peace around the world.

Group carol singing was led by Mrs. Harold Ecker with Mrs. John MacPhail as accompanist.

PRESENT NEW MEMBERS

Mrs. Jay P. Brown, program chairman, introduced the program. Members of the garden commitee included Mrs. Raymond Powell and Mrs. Harold Day, co-chairmen, Mrs. William Ayre, Mrs. Claude M. Boycott, Mrs. Elizabeth S. Hain, Mrs. Carl Oyler, Mrs. Harold Schuh and Mrs. John G. Yoder.

Mrs. Lee M. Hartman presided at the business meeting. Mrs. Howard Hartzell, chairman of the membership committee, introduced the following new members: Mrs. Robert A. MacAskill, Mrs. Jon Pensyl, Mrs. Elmer Yoder and Mrs. L. V. Stock.

Tea was served at a table beautifully decorated for the Christmas holiday sason with Mrs. Hartman and Mrs. M. C. Jones presiding at the tea table. The hostess committee included Mrs. Lefever, chairman; Mrs. J. Clair Donley, Mrs. John Codori, Mrs. William A. Lentz, Mrs. A. B. Plank, Mrs. M. C. Jones and Mrs. Edward J. Nowicki Jr.

SERVICES HELD TODAY

Funeral services for Charles Edward Copenhaver, 94, who died on Tuesday at the home of Mr. and Mrs. Oscar M. Wolfe, Littlestown R. 1, where he resided for the past 20 years, were conducted this afternoon at 2 o'clock in Piney Creek Church of the Brethren, near Taneytown. The Rev. Warren M. Eshbach, officiated. Interment was in the church cemetery. Pallbearers were James Sells, Robert Rinehart, Charles Hahn, Wilmer Barnes, Robert Miller and Kenneth Koons.

NIXON VISITS EISENHOWER IN OFFICES HERE

HARRISBURG, Pa. (AP) — Former Vice President Richard M. Nixon came to Pennsylvania Wednesday to talk politics with a man he tried unsuccessfully to succeed — former President Dwight D. Eisenhower.

The two also discussed other topics, including international affairs, according to Nixon, who spoke with newsmen here after meeting with Eisenhower in Gettysburg.

Pausing briefly at the Harrisburg State Airport, the former vice president said his talk with the general did not change his (Nixon's) mind about running for president again.

NOT A CANDIDATE

He reiterated that he would not seek the Republican presidential nomination at next year's GOP convention.

He ttok note of the fact that Pennsylvania Gov. William W. Scranton "is being mentioned prominently" in GOP circles as a leading prospect for the nomination.

Beyond that Nixon would not discuss politics further. He indicated he did not believe it proper to make political speculation so soon after the assassination of President John F. Kennedy.

Wednesday night, in a television interview aired on CBS, Eisenhower said the subject of the current political boom for Henry Cabot Lodge, ambassador to Viet Nam, had come up in his talk with Nixon.

LEADER-TYPE

Referring to reports that he had urged Lodge to return to this country, Eisenhower added: "Now both of us agreed that we'd like to see him back here because he's a dynamic, vivacious man, a leader-type. We'd like to see him here discussing political matters. But neither of us, as far as I know, communicated with him. I haven't."

Nixon, interviewed on the same CBS program, said:

"Gen. Eisenhower said to me, emphasized to me has said many times, that he believes that it's important for the Republican party to put a number of good potential candidates in the field. He's for all of them and against none of them."

river. No other occupants were believed lost.

The disaster came at 530 p.m. with a trembling of the earth.

ELDERLY WOMEN FLEE

An elderly woman whose house was carried away said she barely had time to lift up the telephone and ask the operator to get help. Within moments water swirled up to her knees. She fled the dwelling just before it was swept away amid chunks of earth as big as the house.

The giant earth movement also tore up a portion of a secondary road on which the truck and car were traveling. The thick gray mud moved down the hillside into the bed of Tourelle Creek and into the St. Lawrence River.

KNOCKS OUT BRIDGE

On its way it knocked out the 50-foot Gaspe Highway bridge that crosses the creek just before it feeds into the St. Lawrence.

It was a near-zero, stormy night and police had to use ski-equipped vehicles.

A Red Cross volunteer from nearby Ste. Anne Des Monts described the disaster scene:

"There was a gap in the highway. No one could get across. People were standing on both sides, sacred and afraid. There were no light, no telephones, nothing. It was terrible, very, very cold and windy.

"I spoke with the police and they put spotlights on two houses floating in the St. Lawrence River. Later, two more were carried down the creek into the river."

A provincial surveyor, Gilbert Sasseville, said the earth movement may have been caused by an underground lake. He said there had been landslides in the area before.

CONVICTED JAP WAR CRIMINAL LEAVES PRISON

TACOMA, Wash. (AP) —After 16 years in prison, Tomaya (The Meatball) Kawakita, convicted war criminal left for Japan today, a free man but stateless.

Kawakita, convicted of treasonable brutality while an interpreter for a Japanese prisoner-of-war camp in World War II, was granted freedom by the late President Kennedy in one of Kennedy's last offifcfifalf act Kennedy granted leniency on the condition Kawakita leave the United States and never return.

Shorn of both Japanese and U.S. citizenship Kawakita, 42, could not get a passport. After a month of negotiations, Japan authorized him entry as a "stateless person."

GRATEFUL TO JFK

The native Californian departed nearby McNeil Island Federal Penitentiary late Wednesday.

Kawakita was taken to the Seattle - Tacoma International Airport and released to Japanese consular cfficials.

He said he was very glad to get out of prison and was grateful to Kennedy. He said he had studied electronics in prison and would begin a new life in Japan with the help of cousins and friends there. Six hours later he left his native land forever.

Born in Calexico, Calif., Kawakita went to Japan in 1939 to study. Convicted in 1948 of eight counts of treasonable brutality against Allied prisoners, Kawakita was sentenced to death and sent to Alcatraz Federal Penitentiary.

Former President Eisenhower commuted the sentence to life imprisonment, and Kawakita was transferred to McNeil Island.

He lost his Japanese citizenship when Japan disclaimed him after the war. He lost his United States citizenship following his conviction as a traitor.

Davidson Reports At Charles Town

CHARLES TOWN, W. Va. — Jesse Davidson, holder of every riding record at Charles Town Race Course and ranked among the top ten reinsmen in the national riding standings for the past few years, arrived on the scene at Charles Town after a brief vacation from the saddle and is ready to resume his riding chores at the 29-day winter meeting which commences at this pioneer winter racing center on Monday, December 16.

Perennially the darling of the two dollar bettors, Davidson will be seeking to annex another riding crown at the upcoming session.

Davidson skipped the winter meeting at Charles Town last year to winter in Florida. He rode briefly at Sunshine Park, but has advised Louis Pondfield, vice president of the Charles Town course, that he will be on hand during this meeting. He has been working horses in the mornings this week in preparation for the Monday opening.

Thoroughbred racing will continue at Charles Town through January 18 but Christmas Day will be "dark."

INSTALL FIRE COMPANY HEADS

Officers of the Taneytown Volunteer Fire Company were installed Monday evening at a meeting in the fire hall and a committee was appointed to audit the organization's books for 1963.

Leslie B. Thompson, a past president of the Maryland State Firemen's Association, installed Jack Smith, president; Howard Welty, vice president; J. Wendell Garder, secretary; Harry Dougherty Jr., financial secretary; Stanley King, treasurer; Wilbur S. Miller, chief, and trustees, Norville Welty, Meredith Gross and Graham Wildasin.

The auditing committee includes George Seamer, Raymond Davidson and Delmont Koons Sr.

The new president set December 17 for a meeting of the excutive committee.

Following the installation Thompson reviewed traffic safety rules to be observed by firemen and ambulance crews on emergency calls. He reminded them that all vehicles should stop for a school bus when it is discharging or picking up children.

The fire chief and ambulance crew reported seven calls each for November.

Bills in the amount of $83.75 were approved for payment, and the treasurer reported a balance of $2,415.26.

that "more is coming in."

It was announced that the Adams County Volunteer Firemen's Association will meet January 6 at 8 p.m. at the Arendtsville Fire Co.

URGES FLAG POLE

The work of the Junior Firemen in connection with the annual festival last year and in other services to the fire company was praised in a talk by Raymond Menges.

Menges also suggested that the fire department put up a flag pole "so we can have a flag at our community building."

President Neary appointed Menges as chairman of a committee to investigate the possibility of placing a flag pole.

Benton Gilbert, oldest of the firemen, made his annual visit to a fire company meeting and thanked the group for voting to five life memberships to those who have served as firemen more than 25 years.

A minute of silence was observed in respect to the memory of President Kennedy.

BONUS CRUISE FOR HIS STAFF

SOUTHAMPTON, England (AP) — Arthur Allwright, electronics manufacturer, sailed down the English Channel today in search of the sun of a Mediterranean cruise.

With him aboard the liner Strathden went all 42 of his employes, ranging from Jim Bailey, 78, to office girl Erica Copeland, 16. The boss picks up the check.

"This," said Allwright, "is their Christmas bonus — my way of saying thanks for 13 years of profit making.

"We've never had a strike. We work as one big family. They've been wonderful."

Allwright, 49, said the trip will cost him 2,000 pounds ($5,600), none of it deductible. It lasts nine days with calls at Gibraltar, Casablanca and Lisbon.

BUYS A RAILROAD

ABERAVON, Wales (AP) — Aberavon lacks a Brooklyn Bridge but has an abandoned railroad station. David Thomas, 34, sold it to David Roberts, 36, for $84.

Roberts, a scrap dealer, paid with a bad check.

Thomas was hauled into court Wednesday on a charge of obtaining money by false pretenses.

He was found innocent. The magistrates decided he genuinely believed he had bought the station legally from a chance acquaintance for $14.

Police said no action will be taken against Roberts for the bad check because he wasn't buying anything anyway.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

TWENTY YEARS AGO

Mr. and Mrs. J. A. Tawney, of 103 South Washington street, are quietly celebrating their sixty-sixth wedding anniversary today.

Mr. and Mrs. Tawney, who were married on December 6, 1877, are, so far as is known, the oldest married couple in Gettysburg. Both are enjoying surprisingly good health at the age of 87.

Mr. Tawney has served for the last 20 years as street commissioner of the borough and will complete the twentieth year of service on December 31, 1943.

The couple are members of St. James Lutheran church. Until the past few years both attended the services regularly and even now not a Sunday passes without Mr. Tawney being found in his pew.

Of the five children born to two are living Mrs. Caroline Pretz, Buford avenue, and Mrs. Norman S. Wolf, wife of Dr. Norman S. Wolf, pastor of St. Matthew Lutheran church, Bloomsburg Pennsylvania.

There are five grandchildren, Mrs. Ralph D. Strevig, Hagerstown, Maryland; David A. Tawney, West Middle street; Miss Mary L. Pretz, Buford avenue; the Rev. J. Louis Wolf, Lakewood, Ohio, and the Rev. Richard C. Wolf, Gettysburg seminary.

There are also three great-grandchildren, Jane Strevig, Hagerstown; Mary Joanne Tawney, Gettysburg, and Sara Kay Wolf, Lakewood.

Firemen Save Doctor's Home: York Springs firemen saved the residence of Dr. and Mrs. William Flickinger, York Springs, when they checked an early morning blaze today there after it had spread from flooring about a fire place into first floor partitions and caused damage estimated at about $300.

The fire was discovered about 1:30 o'clock by Mrs. Flickinger when she rose to get milk for her three-year-old son, Freddie. Discovering the smoke, Mrs. Flickinger carried her son and a younger daughter to safety. She asked the night operator, Miss Esther LaRue, to call firemen and neighbors saying, "I think our house is on fire."

The operator called the C. F. Brinkerhoff residence next door and Mrs. Brinkerhoff and her granddaughter Emma, took the Flickinger children to their home while firemen and other neighbors carried furniture out of the physician's residence. The blaze was brought under control with some difficulty.

Mrs. Flickinger had been using the fireplace during the evening to "help save our fuel oil supply." Doctor Flickinger was not at home when the fire was discovered.

Jack's Mt. Is Swept By Fire: A forest fire, believed to have been started by a spark from a passing train, raged Thursday afternoon on Jack's Mountain, near Fairfield, with forest fire fire fighters from Fairfield, Blue Ridge Summit, Highfield and Mount Alto finally getting the conflagration under control about 6 p.m.

The fire spread over an area variously estimated at 10 acres by R. R. Haupt, state fire warden from Mt. Alto and 200 acres by Roy Sheads, Fairfield fire warden. A force of about 25 men worked on the fire, finally stopping it by digging a four foot fire lane around the entire section.

Warden Sheads estimated the loss at about $400. There were no buildings in the section which was covered by young trees and scrub brush. The train believed to have caused the fire passed about 1:30 p.m.

Police said Wednesday the fossils probably were taken sometime last weekend.

UNITED NATIONS, N.Y. (AP)—The U.N. Political Committee Wednesday voted a new appeal for a unified, independent Korea and called upon the Communist government of North Korea to accept U.N. objectives.

TO HONOR JFK

WASHINGTON (AP) — President Johnson gave his formal support Wednesday to naming a proposed national cultural center in Washington for the late President John F. Kennedy and financing half the cost with federal money.

William Tecumseh Sherman, later one of the Union's top generals, was married in Blair House in Washington.

Today's Talk

SENTIMENT

What is this thing called sentiment, anyway? I would say that it is a silent hidden fire in the heart that is made to glow and give out warmth as some word, hand, or thought is put to the effort of adding some new ember to that fire.

To own sentiment, some say, is to acknowledge weakness. The opposite is true. I would say. The great things of this world are wound about with sentiment. It is sentiment that handles the tiny baby stocking or shoe. It is sentiment that shadows every touch, or evidence of love. It is sentiment that puts the flower upon the grave of one long gone. It is sentiment that glorifies the flag of one's country.

Why do we set aside precious things that have been associated with happy times, or with those whose hearts talked silently with our own? Sentiment — that's all! The spiritual quality to sentiment is an eternal thing. Without it in our lives we would be shrivelled souls indeed.

I recall a silent movie that I went to see time and again. It was called "The Way of All Flesh" and the main character was superbly acted by Emil Jannings — an artist. I confess that I never saw it without a bath of tears across my face — and this was true with the majority of the audience. But I dare say that not a single one who ever saw that remarkable picture ever left without a cleaner mind and a washed heart. Sentiment — yes. It was just a picture — but it was a picture of life and every delicate chord in the human heart vibrated to its human delineation.

I am never ashamed of the tears that sentiment forces out of these eyes of mine. I always see better afterward.

Pure and beautiful sentiment, however, must not be confused with mere sentimentality, or an affectation of sentiment which is nothing more than a counterfeit of the real thing. The genuine is only to be detected in great hearts that throb to the voice of the eternal.

COUNSELING THE BOY

I shall not care what blunders you may make,
What petty losses you many bid me share,
I shall not fret about each small mistake.
Stay clean and manly and I shall not care.

Shun all that's shameful. That is all I ask,
When you depart let men be glad you came,
Give all you can of courage to your task,
Then if you fail, have failure free from shame.

I would not bind you with parental chains,
Nor have you think to please me you must win,
Fail if you must, and still my love remains,
I only ask you not to stoop to sin.

Use what you have of judgment and of tact,
With all men living keep your dealings true,
Beware not blundering, but the shameful act.
Further than this I would not counsel you.

MACKLEY IS RE-ELECTED BY SCHOOL BOARD

Wilbur E. Mackley was re-elected president and Fred H. Hartlaub was re-elected vice president of the Joint Board of Education of the Littlestown Joint School System at the meeting for reorganization held Tuesday evening in the directors' room at the high school. Paul E. King, supervising principal of the jointure, was temporary chairman for the election.

President Mackley administered the oath of office to the following new directors: C. Robert Goodwin and Robert W. Hall, Union Twp.; George E. Hornberger and Marvin F. Breighner, Littlestown; Clyde W. Crouse and Robert Spangler, Germany Twp.; re-elected were Richard Neiderer and James Reichart, Mt. Pleasant Twp.; Gorge S. Worley, Union Twp.; Glenn C. Bowers, Mt. Joy Twp.

It was decided to retain the second Tuesday of each month for the board meeting night.

CLASSES DEC. 31

The directors accepted the following holiday vacation for jointure students: Friday afternoon, December 20, dismissal until Monday, December 30, classes on December 31, vacation on January 1 and classes on January 2 and 3.

The session opened with the invocation by Mr. King. The treasurer's report revealed the November receipts were $55,690.77 and expenditures last month were $40,573.63. A communication was received from the Commonwealth that schools were approved for supplemental appropriation. Bills and salaries were ordered paid. Rex Maddox reported for the property and supplies committee that two new tires are to be purchased for the cub tractor from Melvin J. Sheffer, of town, at a bid of $80.

In the December cumulative report by Mr. King, it was noted that 60 days had been taught to the end of November. The Junior Red Cross drive was conducted recently in the entire school system with Mrs. Benda B. Walker, of the faculty, in charge. Mrs. Margaret Scott is substitute teaching for Mrs. Betty Chronister in the First Grade.

REPORTS GIVEN

Frank E. Basehoar, high school principal, reported that the Pennsylvania State Employment Service has begun testing. Dr. Lingenfelter, chairman of the English Department of Millersville State College, observed in the Junior High English Department.

James Witt, chairman of the English Department of the Senior High School, served on an evaluation team at the North Eastern School System. Mr. Basehoar and John H. Riley, elementary principal, attended a lecture at Dickinson College, Carlisle, on the use of the planetarium. Basehoar and George Inskip, of the county office, attended a symposium on Educational Television in Harrisburg last week.

Report cards for Grades Three, Four, Five and Six, were distributed in the elementary school, as reported by Mr. Riley. The annual school chest drive was conducted in the elementary schools and totaled $32.92. The Fifth Grade and elementary special class enjoyed a field trip to the Littonian Shoe Company, accompanied by Mrs. Myrtle R. Manchey, Mrs. Verda Schue, Miss Louise Collins and Mrs. Gertrude Renner. The first marking period for Grades One and Two has ended and report cards were distributed. Miss Gertrude Rowe has assumed her duties as Sixth Grade teacher, replacing Mrs. Sara H. Staub who substituted since the beginning of the term. Individual pictures were taken of pupils and were distributed on Monday.

SET MUSIC DATE

Mr. Riley announced that all buses have been operating "very efficiently" during the last month. Several roads on bus routes are in need of repair.

Larry E. McGriff and Paul A. Harner, of the instrumental music department attended an Adams County Music Education Association meeting at Bendersville on Tuesday. The date was set for the annual County Music Festival, February 5 at Biglerville.

Mrs. Brenda Walker, school nurse, reported that 174 first aid treatments were administered during the month in school; eight of these required further treatment at the physician's office and four required X-ray at the hospital; there were 19 home calls. Physical examinations in Grade 11 have been completed by Dr. L. L. Potter, local physician; dental examinations were completed in Grades One, Three and Seven by Dr. Richard M. Phreaner, local dentist. Mrs. Walker attended a meeting of the Adams County school nurses held at Conewago Twp. School. Mrs. Catherine Groft reported that physical examinations have been completed in St. Aloysius and St. Joseph Schools, as well as vision screenings, height and weight check-ups; her program for the month also included customary home visits and health talks.

PARTY HELD BY CHURCHWOMEN

A Christmas party and covered dish social was enjoyed by the members of the Woman's Society of Christian Service of Centenary Methodist Church Tuesday evening at the church. Prior to the meal, prayer was offered by Mrs. Christian Jones. Mrs. Mary Byers, leader, had charge of the devotional period and presented the topic, "The First Christmas." Mrs. Estella E. Furlow, accompanied for carol singing. The devotions closed with a candlelight service. Mrs. Edie Hanlon and Mrs. Marion Study observed their birthdays. Members returned their Christmas socks and exchanged gifts. Program arrangements were in charge of the executive committee. The next regular meeting will be Tuesday, January 14 with the following committee in charge: Mrs. Furlow, Mrs. Charlotte Byers and Mrs. Carrie Byers.

Mrs. Gladys Eyler was elected president of the Everwilling Sunday School class of St. John's Lutheran Church at the brief business meeting held in connection with the Christmas party of the class Tuesday evening at the church.

Other officers elected were, vice president, Mrs. Hope King; secretary, Mrs. Margaret Miller; assistant secretary, Mrs. Mary Ellen Bortner; treasurer, Mrs. Betty Wisotzkey. A luncheon was enjoyed prior to the program by the 24 members and guests present. Group carols were accompanied by Mrs. June Rife; Scripture and prayer was read by Mrs. Viola Badders and the Misses Rebecca Eyler and Stephanye Yealy rendered a piano duet. Mrs. Janet Reaver and Mrs. Mary Lou Bowers gave readings. Solo, Mrs. Bernice Yealy, accompanied by Miss Yealy. Song by the group. Miss Randi Myrvang, the exchange student from Norway, who is spending the year in Littlestown, talked to the group concerning Christmas in Norway, and answered questions from the audience. There was an exchange of gifts and a gift was presented to Mrs. Badders, class teacher and Miss Myrvang. The class will decorate the church during the yuletide season and Mrs. Hope King and Mrs. Ruth Strevig comprise the committee in charge. The next regular meeting will be Tuesday, January 14 with Mrs. King as the hostess.

Navy Scuttles Bullets 73-52; Frosh Bow 62-60; Bucknell Here Tonight

A six-point lead in the very beginning of the ball game gave the Naval Academy a lead it never lost as the Middies coasted to a 73-52 win over the Gettysburg College basketball team at Annapolis Wednesday afternoon.

Bill Radcliffe, Chris Reddington and John Mahoney dumped through the first six tallies before George Strouse banged in a two-hand rebound shot at the 16:59 mark. Towards the middle of the first half, the Bullets began to hit and managed to cut the Navy lead. The half ended with the Middies in front 31-27.

Sophomore Chris Sirms rammed through three points within a 20-second period to cut the home team's advantage to 31-30 and that was as close as Gettysburg could come to overtaking its opponents. Reddington, Mahoney, Radcliffe and Bob Davenport went to work and poured through seven straight points. After Roger Gaeckler netted a charity toss, Navy came right back with eight more tallies and led 46-31 with 12:22 minutes remaining in the game.

HIT COLD SPELL

During the first nine minutes of the second half, Sirms' jumper from the right side was the only basket scored. Gettysburg recorded but seven field goals during the last 20 minutes. Not only did the Bullets have a bad second half, but the entire game was a misfire. Gettysburg landed only 17 of 54 field attempts, but managed to pull down 46 rebounds. Again the statistics point out that bad passes and loose ball handling played an important part.

Navy netted 30 of 72 shots from the field and collected 50 rebounds. Mahoney topped the home team with 24 points while Radcliffe poured through 20, with 17 coming in the second half. George Strouse topped Gettysburg with 16 tallies.

The Gettysburg yearlings blew a 10-point second half lead as the Navy Plebes came from behind to capture a thrilling 62-60 verdict.

PLEBES FREEZE BALL

Gettysburg led 32-30 at intermission and during the early minutes of the second half built a 10-point lead, but the determined Plebes cut the margin. Finally with 3:41 remaining, Art Goodwin hit on a jumper from the left to put the host club in front 62-60. During most of the remaining three minutes, the Plebes but on a freeze which eventually gave them the ball game.

Tim Cohane and Goodwin paced the winners with 15 and 13 points, respectively, while Steve Satir accounted for 23 points for the Bullet Frosh.

Both Gettysburg teams will battle the respective Bucknell squads tonight in Gettysburg's first home contest of the season. Bucknell comes to town with a 2-1 record having defeated American U. and Washington and Jefferson. The lone loss was at the hands of Bethany Saturday. The Bullet varsity is winless in three outings while the Bullet Frosh are 1-2 on the season.

Cohens' Horses Busy At Pimlico

BALTIMORE (AP) — If you went to Pimlico Tuesday with intentions of putting a bet on Cohen's horse in the fourth race, you had your hands full.

Three owners named Cohen had 2-year-olds in the event and they finished one-two-three.

Phillip Cohen's Kings Only won, Gee Cohen's Bobby Maisel was second and Nathan Cohen's Chick Lang was third. They're not related.

STAGE IS SET FOR PLAYOFFS IF NEEDED

NEW YORK (AP) — The American Football League has the stage all set in the event a playoff is needed to determine either of its divisional champions—or both.

Commissioner Joe Foss and two staff members flipped coins Tuesday to decide the possible playoff dates and sites.

Six of the league's eight teams are still in the running for divisional crowns San Diego, 9-3-0, and Oakland, 8-4-0, could wind up in a deadlock for the Western title.

In the East, it's a four-way battle for supremacy involving Boston, 7-5-1, Buffalo, 6-6-1; Houston, 6-6-0, and New York, 5-6-1.

The playoff possibilities:

Western Division

If San Diego and Oakland tie, playoff at San Diego, Dec. 29.

Eastern Division

Two-Team Ties

If Boston and Buffalo tie, playoff at Buffalo, Dec. 28.

If Houston and Boston tie, playoff at Boston, Dec. 28.

If New York and Houston tie, playoff at Houston, Dec. 28.

Three-Team Ties

If Boston, Buffalo and Houston tie, Boston will play at Houston Dec. 28, with the winner playing Buffalo at Buffalo, Jan. 5.

If New York, Boston and Houston tie, Houston will play at New York Dec. 28 with Boston meeting the winner in the victor's city Jan. 5.

3 TOP-RANKED BASKETBALL POWERS FALL

By THE ASSOCIATED PRESS

It was a Black Wednesday for the Duke Blue Devils, the Arizona State Sun Devils and the Ohio State Buckeyes, three of the top-ranked teams in college basketball. They tumbled in defeat before the Vanderbilt Commodores, the Bradley Braves and the Davidson Wildcats.

Only the victory of the Michigan Wolverines over Butler prevented a complete rout of the top-ranked clubs scheduled to play on a busy midweek national program. The seventh-ranked Wolverines upped their record to 4-0 with a 80-70 victory.

Vandy similarly made its record 4-0 with a 97-92 triumph over third-ranked Duke. So did Bradley by whipping the fourth-ranked Sun Devils 92-85. Davidson also kept its slate clean at 4-0 with a whopping 95-73 triumph that shattered a 50-game home court streak for eighth-ranked Ohio State.

TWO BLOW LEADS

Vanderbilt, rated a title threat in the Southeastern Conference, blew a 16-point lead at Nashville when Duke rallied to tie the regulation game at 85-85 on Jeff Mullins' jump shot with four seconds left. But John Ed Miller broke loose for 10 points in the overtime to sew it up for the Commodores after the score was knotted at 89-89.

Arizona State also lost on the road at Peoria, blowing a 44-35 halftime lead as Bradley got hot in the second half.

It remained for Davidson, heralded as the Southern Conference champions to be, to provide the night's biggest surprise with its one-sided triumph over Ohio State. The Wildcats hit a sizzling 59 per cent of their shots and when their star, 6-foot-9 Fred Hetzel went out on fouls with only 16 points, Dick Snyder and Terry Holland took up the slack. Snyder finished 25 points and Holland 22 to offset the 26 tallied by Gary Bradds for the Buckeyes. It was the first setback at St. John Arena in Columbus for Ohio State since Purdue won on March 7, 1959.

ADVERTISE IN THE TIMES

STEELERS SAY PRESSURE IS ON NEW YORK

By LOU PRATO

PITTSBURGH (AP)— Ernie Stautner sat in front of his locker at the Pittsburgh Steelers training site, running his hands over an ugly bruise on his mountain-sized leg.

"The pressure's on the Giants, not us," said the durable veteran of 14 years on the Steelers' defensive line.

"Certainly more rides on this game than anything I've ever been in," he said. "But how in the hell can the pressure be on us? They're the champs. We've never won it before!"

Stautner was talking about Pittsburgh's pressure - packed game against New York Sunday that will decide the eastern division championship of the National Football League.

BIG FOR STEELERS

A minor-grade debate has popped up backscene over whether the pressure is on the defending eastern titlist Giants or the surprising Steelers.

The Giants, of course, have been involved in many crucial games enroute to five division crowns in the last six years. But this is Pittsburgh's biggest game since it lost a divisional playoff tilt to Philadelphia in 1947.

If the Steelers are bothered by pressure, they didn't show it as they worked out in the cold at the snow-covered practice field in suburban South Park.

They're spirited, noisy gang—joking around constantly and sometimes throwing snowballs at each other.

FIRST BIG CHANCE

"I don't think there's any pressure at all," said center and team captain Buzz Nutter, a veteran of NFL title games while playing for Baltimore in 1958 and 1959. "This is the Steelers' first big chance and that should give us an extra kick.

"You know, some people have accused us of choking up at times, especially after Green Bay beat us (33-14). But if that's true, then we should have lost the other day (against Dallas). And two weeks ago, too (against Philadelphia).

"We were behind both times but came back. I just think we may have gotten a little too high for that Green Bay game."

Myron Pottios, the team's sensational middle linebacker, agreed with Nutter.

"When you play Green Bay, they affect you psychologically," the brawny youngster said. "But we know all about the Giants. Besides, I think we're a pressure team. The last three or four games were all pressure—we couldn't lose or we'd drop out (of the race)."

Perhaps, linebacker John Reger, a nine-year Steeler mainstay, summed up the feelings of most.

"I don't believe in that pressure crap," Reger said. "We're professionals. We play all games the same, no matter who it's against."

Phillies Sign Pair Of Players

PHILADELPHIA (AP) — The Phillies of the National Baseball League have signed a pair of players and rehired Frank Lucchesi.

Contract signings announced Tuesday were those of Richie Allen, rookie outfielder and third baseman, and relief pitcher Rick Quiroz.

Allen hit .288, 33 home runs and had 97 RBI in 145 games for Little Rock in the International League last summer. After reporting to the Phils in September he hit .292 in 10 games.

Quiroz won 4, lost 5 and had a 3.52 earned run average in 41 games at Little Rock.

Gibson, Shockley Sign For Phillies

PHILADELPHIA (AP) — The Philadelphia Phillies announced Wednesday they had received signed 1964 contracts from pitcher Joel Gibson and first baseman Costel Shockley, a .335 hitter with Chattanooga in the Sally League last year. Shockley hit 8 home runs and drove in 74 runs. Gibson was on the disabled list last season because of an injury suffered in an auto accident in Puerto Rico.

PHILADELPHIA (AP)—Louisville basketball player John Reuther was in University of Pennsylvania Hospital today for observation after hitting his head on the floor in a fall in Wednesday night's game with LaSalle.

A physician said Thursday morning the nature of Reuther's injury was not immediately determined. The physician said Reuther was not regarded as in serious condition.

Optimist League Drills To Start

All Fifth and Sixth Grade boys interested in playing Optimist League basketball this season must report for the first practice session Saturday morning at 8 o'clock in the Gettysburg Junior High School gym.

Any boy attending Gettysburg schools in Grade Five and Six is eligible to play. Uniforms will be issued to all who become team members. Practices will be held Dcembr 14 and 21 from 9 a.m. until noon. Only those attending both practices will be eligible for team membership.

BISONS READY FOR CONTEST HERE TONIGHT

LEWISBURG—Led by 6-4 Junior Lorry Hathaway of Mt. Lebanon, Bucknell's basketball team will go after its third victory in four starts when it meets Gettysburg in a Middle Atlantic Conference game on the Bullets' floor tonight.

Hathaway, who led the Bisons in scoring and rebounding last year, has taken the early lead in both departments this season. The slender corner man has averaged 14.7 points and 17.3 rebounds in Bucknell's first three contests, victories over American University 71-55 and Washington and Jefferson 62-45 and a loss to Bethany College 62-45.

Coach Gene Evans' cagers will also be out to snap a string of three straight losses to Gettysburg. The Bisons downed the Bullets early in the 1961-62 season, but have lost three in a row since then.

Slated to join Hathaway in Bucknell's starting lineup are 6-2 Sophomore forward Larry Kozella (Franklin), 6-3 Senior center Bill Headley (Linesville), 6-0 Junior guard John Matthews (Bethlehem), and 6-2 Senior guard and captain Don Heste (Punxsutawney).

The leading reserves are 6-5 Sophmoore center John Friend (Wilmerding), the fourth leading rebounder on the team, and 6-2 Junior forward Karl Heiner (Schenectady, N. Y.), the sixth leading scorer.

This will be the 93rd meeting between the two teams in a series that began in 1901. Gettysburg holds a narriw 49-43 edge in the rivalry.

BEARS BEATEN BY INDIANS

The only athlete who can get away with lying down on the job is a hockey goalie.

Hershey's Andre Gill is a good example. Wednesday night he spent most of the evening flat on the ice, especially in the third period when the Springfield Indians slapped four shots past the prone goalie enroute to a 6-5 American Hockey League victory.

In the only other game scheduled, Providence took over the Eastern Division lead by blanking Buffalo 3-0 as goalie Ed Giacomin registered his second shutout of the season. The victory pulled the Reds two points in front of Hershey and Baltimore, tied for the runner-up spot.

The Bears led 3-2 going into the third period and made it 4-2 on Dan Poliziani's goal before the Indians struck back. Mike Labadie and Bill Sweeney fired shots past Gill within 41 seconds of each other, tying the score.

Michael Harvey put Hershey back out front with his second goal, but John Rodger and Sweeney beat Gill at 14:00 and 16:46 to wrap it up.

Gill was forced to make 31 saves. He was tested with only 13 shots in the final period—but four got by him.

EMPHASIS ON YOUTH MOVES LITTLE NELLIE

By JOE MOOSHIL
Associated Press Sports Writer

CHICAGO (AP) — Baseball's hottest seat for little Nellie Fox was the bench.

The Chicago White Sox knew Fox would fret as a part timer ball player, so under their current youth movement, he was dispatched to Houston in an interleague trade Tuesday for two Colt Farm hands — pitcher Jim Golden and outfielder Danny Murphy.

Fox will be 36 Christmas Day.

In return for the peppery second baseman, who has a lifetime batting average of .289 and six times hit .300 or better, the White Sox received a pitcher who was 9-11 at Oklahoma City last season and a former $200,000 Chicago Cub bonus baby who batted .234 with San Antonio and .268 with Oklahoma City last season.

PUSHED BY YOUNGSTERS

Fox batted .260 in 1963 but was being pushed off his job by a pair of youngsters, Al Weis and Don Buford.

"Actually, we may be doing Fox a great favor, said White Sox General Manager Ed Short. "He may play two or three more regular seasons for paul Richards (Houston general manager), who really wanted him to stabilize the young Colt infield."

Fox, who was deer hunting in Chambersburg, Pa., when the deal was announced, said he was relieved.

"At least now I know where I'm going," he said. "I'm very glad to get back with Richards."

14 ALL-STAR GAMES

Fox came to the White Sox in 1949. In 1950 he became the regular second baseman and went on to compile such records for most consecutive games without a strikeout (98); most years leading the league in fewest strikeouts (10); most consecutive years leading the league in singles (7); most consecutive games played at second base (749) and so on down the line.

He played in 14 All - Star games and was the American League's Most Valuable Player in 1959 when the White Sox won the pennant.

Fielding Honors Won By Phillies

CINCINNATI (AP)—The Philadelphia Phillies, with outfielder Don Demeter tying a major league record, captured individual fielding honors in the National League last season, the final averages revealed today.

Demeter handled 172 outfield chances perfectly in 119 games.

Second baseman Tony Taylor and pitcher Chris Short of Philadelphia also led at their respective positions. Taylor finished with a .986 mark while Short accepted 61 chances, the most among the 37 pitchers who fielded 1.000.

Milwaukee led the league in club fielding for the first straight time. The Braves fielded a collective .980 in 1963.

GETS GRID AWARD

PHILADELPHIA (AP) — Don Challis, senior tailback from Wilkes-Barre, Pa., was selected by the University of Pennsylvania football team Wednesday as the recipient of the Edgar M. Church award. The award goes annually to the player who best exemplifies inspirational courage and loyalty.

Challis gained 113 yards rushing and completed 28 of 64 passes for 318 yards and three touchdowns the past season.

GILCHRIST IS AFL PLAYER OF THE WEEK

By MARVIN R. PIKE

BUFFALO, N. Y. (AP) — Cookie Gilchrist, who says he never has been interested in breaking records but does, won't say whether he expects to smash a few more Saturday.

The 248-pound Buffalo Bills fullback named American Football League Player of the Week Wednesday by The Associated Press, goes against the New York Jets—the same team he almost single-handedly pulverized Sunday in War Memorial Stadium. Buffalo won 45-14.

The second meeting will be in the Polo Grounds in New York City.

WAS ON BENCH

Gilchrist was sitting on the bench in the fourth quarter of Sunday's game when the announcement was made that he needed only 32 yards to break the AFL's single-game rushing record.

"I didn't have any reaction," he recalled Wednesday. "I would have preferred to have Jesse Murdock stay in but (Coach Lou) Saban ordered me back into the game."

Murdock, signed by the Bills Nov. 1, had replaced Gilchrist only a few minutes earlier.

"When I got into the huddle, (quarterback Daryle) Lamonica told me 'We're going to get you those 32 yards,' " Gilchrist said.

WELL OVER MARK

He picked up 16. On the next play, he carried 43 yards to the Jets' six but a penalty nullfied the run.

"I didn't feel rejected," Gilchrist said. "I felt that if Lamonica gave me another chance I could get those yards."

Lamonica did, time and time again. When Gilchrist left the game in the final minutes, he had run 36 times for 243 yards, an all-pro mark and 27 yards better than the previous AFL effort.

Gilchrist also scored five touchdowns rushing, an AFL record, as was the number of carries.

Other stars in last weekend's AFL action included Oakland's Art Powell and Cotton Davidson, and Kansas City's Dave Grayson and Sherrill Headrick.

MARK LEVY RESIGNS AT CALIFORNIA

BERKELEY, Calif. (AP)—Marv Levy, the young Phi Beta Kappa key holder who inherited a murderous schedule and an average set of players as California football coach, resigned suddenly Wednesday.

Levy, a surprise appointment in 1960 to succeed Pete Elliott, was brought to Cal after a 14-6 record at New Mexico. He was regarded as a good image for the state university trying to field teams made up of students bucking strigent grade and entrace requirements.

He leaves with an 8-29-3 record in four seasons—and the onus of having a 1-3 mark against arch-rival Stanford.

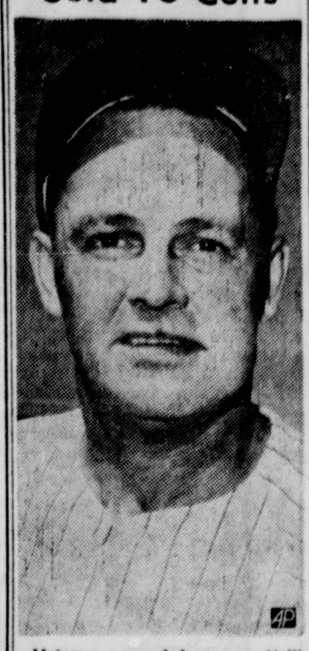
HIS BEST SEASON

Like Stanford's Jack Curtice, fired late last year, Levy left after his best season, 4-5-1. The pressure on Levy began building up at the end of the 1962 season, but eased at the start of this one. The Bears' schedule pitted them against such teams as Notre Dame, Illinois, Duke and Pittsburgh.

The 38-year-old Coe College graduate and holder of a Harvard master's degree in history said in his suprise dinner-hour announcement:

"I have decided that it would be in the best interests of the university and all parties concerned to resign . . . my reasons for doing so are personal in nature. It has been a wonderful experience working at the university and I wish every success to the members of the team in the future."

Sold To Colts



Veteran second baseman Nellie Fox, 35, was sold to the Houston Colts by the Chicago White Sox for an undisclosed price. Fox, who has been with the White Sox for 14 years, has appeared in 14 All-Star games and owns a .289 lifetime major league batting average. (AP Wirephoto)

KENTUCKY IS DARK HORSE IN COLLEGE RACE

By KELSO STURGEON
Associated Press Sports Writer

LEXINGTON, Ky (AP)—You couldn't twist Coach Adolph Rupp's arm hard enough to get him to admit Kentucky is a dark horse for national basketball honors—but it's evident the Baron of the Bluegrass has another powerhouse on his hands.

Kentucky, displaying a great one-two scoring punch has crushed its first four opponents with such ease that even Rupp admits he's surprised.

But still Rupp declines to get his hopes up. "I would rather be a winner than a prophet," he twanged.

GIBSON ON PROBATION

The secret of Kentucky's success has been the scoring of Cotton Nash and Ted Deeken. Nash, a 6-foot-5 forward and center from Leominster, Mass., is averaging 27.8 points a game, and Deeken, a 6-foot-4 forward from Louisville, Ky., is scoring at 24.7 clip.

And Rupp has a 6-foot-2 sophomore waiting in the wings who the Baron says is just as good as anyone on the Kentucky squad.

RANKED FIFTH NOW

He is Mickey Gibson, who averaged 23.1 points a game last year as a freshman. Gibson is waiting out disciplinary probation, which is expected to be lifted in about two weeks.

With Nash, Deeken and Gibson on the front line, Kentucky could have the highest scoring front line in college basketball. This could offset the Wildcats' lack of height.

Kentucky is ranked fifth nationally in the weekly Associated Press basketball poll.

GEORGE HALAS IS NAMED AS COACH OF YEAR

By JERRY LISKA
Associated Press Sports Writer

CHICAGO (AP) — George Halas, the frisky, 68-year-old Papa Bear, has won one title, but would like another.

He's working on it.

In the midst of Halas' preparations for a likely do-or-die finale against the Detroit Lions Sunday for the Western Division title, Papa Bear was voted Coach of the Year in the National Football League by an Associated Press panel of sports writers and sportscasters from the 14 NFL cities

CAN CLINCH CROWN

If the Bears defeat the Lions, they will clinch the Western crown with an 11-1-2 record and be host to the NFL championship game at Wrigley Field against the Eastern champion—New York or Pittsburgh—Dec. 29.

If the Bears lose, and Green Bay wins Saturday at San Francisco, the Packers will snatch the Western title from the Bears, who have held or shared first place since the season started Sept. 15

"Let's not talk about Sunday at the moment," said Halas when informed of his selection.

"GREAT TRIBUTE"

"This is a great tribute which I sincerely appreciate," continued the NFL pioneer and pro Hall of Fame member. "But I am custodian of the honor only because of the splendid job done by our players and coaching staff.

"Particularly, this honor reflects the tremendous performance by our defense which, I believe, now leads in 10 of the league's 13 defensive categories."

Would a sectional championship (the Bears' first since 1956) or even a league title (first since 1946) lead Halas into retirement?

"Let's cross that bridge when we come to it," said Halas, who has been associated with the Bears for 44 seasons.

CELTICS HOLD HAWKS TO 95

By THE ASSOCIATED PRESS

Add another under-100 defensive performance to Boston's total, and, of course, another victory.

The Celtics played their 21st game Wednesday night, and for the ninth time this season held the opposition under 100. St. Louis was the latest victim, 104-95, as the Hawks dropped behind Los Angeles into second place in the Western Division of the National Basketball Association.

Defense is the reason the Celtics have an amazing 19-2 record. In the two games they lost—both to Cincinnati — the Royals went over the 100-mark. Boston, meanwhile, has been held undr .00 only once, by Cincinnati. The Celtics, however, won that one.

The Celtics' latest triumph—their ninth straight at home—kept them 5½ games in front of Cincinnati in the Eastern Division race. The Royals walloped Detroit 127-107 In the only other game scheduled, Philadelphia defeated New York 113-103.

HERE AND THERE

Of all the music associated with Christmas, perhaps no composition so well embodies the spirit of the holiday as Handel's "Messiah." The great oratorio has enthralled countless audiences. It has been said to have brought more money for charity than any other single piece of music. And it marked a rebirth for its composer.

George Frederick Handel was virtually a has-been in 1741. London had grown tired of his Italian operas and of him. More than once he had barely missed being thrown into debtors' prison and his health was beginning to fail.

Then came a commission from the lord lieutenant of Ireland and the governors of three charitable institutions for Handel to conduct a series of charity concerts. He began to compose a new piece for the tour.

* * *

Handel was not an especially religious man, but something seemed to possess him as he worked. For some 23 days he kept to his study, refusing to see any visitors, leaving his food untouched and working through the night. Now he played the harpsicord, now he sang, then back to the writing. His servants thought he was going mad. Often they found him in tears. When he finished the "Hallelujah Chorus," he declared, "I did think I did see all Heaven before me, and the great God Himself."

On April 13, 1742, 700 people crowded into a Dublin music hall for the premiere of "Messiah." It was a resounding success.

* * *

At the first English performance a year later, King George II was so overwhelmed by the "Hallelujah Chorus" that he rose from his seat and stood throughout the section. The audience, of course, followed the example of their king, and so began a custom which survives to our day.

Despite the king's appreciation, however, London was not ready to accept Handel and the concert failed. It was not until Handel began directing annual benefit performances of "Messiah" at the London Foundling Hospital in the 1750's that his adopted countrymen came to recognize it as a masterpiece, and once again gave him their acclaim.

* * *

The oratorio, a musical composition using soloists, chorus and orchestra, is named after the Oratory or mission hall, in Rome, where sacred musical performances were held in the 1500's according to World Book Encyclopedia.

BEARS WORRY OVER DETROIT

CHICAGO (AP)—The Chicago Bears are shuddering at the thought of the Detroit Lions and nobody can blame them.

Assuming the Green Bay Packers defeat San Francisco Saturday the Bears will have to tie or defeat the Lions to qualify for the National Football League championship game Dec. 29.

"It's unfortunate that we're hitting the Lions when they are at the top of their game," said Owner-Coach George Halas "Not only are the Lions in fine shape but they're going to be loose and the pressure will be on us Look what they did to Cleveland Sunday Need I say more."

Halas referred to the 38-10 Detroit victory over Cleveland that knocked the Browns out of the running for the Eastern Division title.

"I'll admit we have more going for us," said Halas, "but that was also the case with Cleveland Sunday Since we defeated Detroit earlier in the season, the Lions have come a long way. They figured to have a good team all along but injuries cost them dearly Now most of their players are ready and we'll be forced to play one of our best games of the season both on offense and on defense."

NEARBY PILOT SAW AIRLINER CRASH SUNDAY

ELKTON, Md (AP)—A government investigator said today another plane witnessed and reported the crash of a Pan American World Airways jet airliner Sunday.

The jet, a Boeing 707, exploded at 5,000 feet on its way to Philadelphia. All 73 passengers and 8 crew members were killed in the crash.

T. W. Finch, Civil Aeronautics Board investigator at the scene, said a co-pilot on National Airlines Flight 16 not only saw the explosion, but radioed the message to Philadelphia airport saying:

"Clipper two one-four is going down in flames."

Finch said the National Airline plane was about 1,000 feet above the jet in a severe electrical storm.

The message was originally thought to have come from a crew member on the ill-fated Pan American Flight 214.

The flight transcript, released Tuesday by the CAB, included the following final exchange:

Philadelphia Control: Okay Clipper 214. Hold as instructed and, ah, I'll pull you away as soon as I can

Clipper 214: Roger, no hurry, just wanted you to know that, ah, we'll accept a clearance.

Control: All right, that's fine.

Voice: Mayday, mayday, mayday. Clipper 214 out of control. Here we go.

Control: Clipper 214, did you call Philadelphia?

Voice: Clipper 214 is going down in flames.

Control: Clipper 214, Roger Your message has been received.

Newsmen who had listened to a recording of the exchange in Elkton had remarked at the calmness of the voice.

Alan S. Boyd, chairman of the CAB, also referred to it, saying that the plane obviously was "being flown by a man who had great self-control."

Burglar Uses Cop's Buys R.R. Station

PHILADELPHIA (AP)—While Patrolmen James Curley and James Harkins were looking for a burglar in a pharmacy, the burglar was apparently outside looking for transportation.

He found it — Curley's and Harkins' patrol wagon. He used a wire to work the ignition and drove away while the policemen were inside looking for the cause of a jangling burglar alarm.

Police found the missing wagon several hours later Wednesday.

WORKMAN KILLED

WARMINSTER, Pa (AP) — Robert Rogers, 33, of Warminster Township was killed when a six-foot sewer trench he had dug collapsed and buried him Wednesday. A co-worker, John Goss, 23, of Warminster, told police the walls of the trench collapsed as Rogers was inspecting it.

MOTHER AND 3 KIDDIES BURN

TRENTON, N.J. (AP) — A woman, her infant daughter and two young sons died early today in a fire that destroyed their home in the east Trenton section here.

The woman's husband fell from a second-story window, apparently in a rescue attempt, and suffered burns and cuts.

The victims were identified as Mrs. Clara Burnat, 31, and her children Michael Jr., 7, Joseph 3, and Darlene, 1.

The fire, a two-alarmer, was discovered by neighbors shortly after 1 a.m. Flames were roaring through every window in the two-story, wood and brick house.

The four bodies were found in a second-floor front bedroom. Police said it appeared they were both burned and suffocated.

It was from the window of this bedroom that the husband, Michael Burnat, 37, dropped to the ground.

EXPECT JURIST WILL CONTINUE COURT, PROBE

By STERLING F. GREEN
Associated Press Staff Writer

WASHINGTON (AP) — Chief Justice Earl Warren, keen-eyed and vigorous at 72, will shoulder his full load of Supreme Court duties while heading the presidential inquiry into President John F. Kennedy's assassination.

That is just an assumption, since Warren has uttered not a word publicly on his plans. But his associates and friends claim they know Warren's views quite well enough to predict his course.

EXTRA WORK

He is resolved to absorb his extra load as chairman of the bipartisan presidential commission by working nights and weekends, taking advantage of holidays and court recesses, and possibly giving up all or part of his usual three-week Christmas trip home to California.

There may be one case, far ahead, which Warren will avoid. If the Supreme Court ever entertains an appeal from a Texas murder case involving Jack Rubinstein, alias Jack Ruby, the court's opinion is sure to carry a notation at the bottom reading:

"Mr. Chief Justice Warren took no part in the consideration or decision of this case."

ACCUSED SLAYER

Ruby, 52, is the man charged with slaying Lee Harvey Oswald on Nov. 24, two days after Dallas police charged Oswald with assassinating Kennedy. Ruby's pistol obliterated all hope of fixing Oswald's guilt by the only sure way, Oswald's own confession.

Thus Ruby not only is indirectly responsible for creation of the Warren commission but also figures heavily in its investigation.

There is now law or court rule which says a Supreme Court justice may not participate in a case in which he has prior knowledge or interest. It is up to the conscience of each justice. Warren's conscience, like the justice himself, works overtime.

Black Hawks In Romp Over N.Y.

By THE ASSOCIATED PRESS

If Bobby Hull doesn't do it the chances are good that Bobby Mikita will.

And with that best-in-the-league one-two punch, it's small wonder the Chicago Black Hawks are making a runaway of the National Hockey League race.

Mikita collected three goals and added an assist while Hull collected his 200th NHL career goal Wednesday night in Chicago's 6-2 romp over New York.

The victory, combined with Detroit's 3-1 triumph over Toronto increased the Black Hawks' leading margin to 10 points. The Hawks now have picked up 20 points in their last 12 games.

STAUBACH IS OUT TO BETTER NAVY'S RECORD

NEW YORK (AP)—Now hear this from Navy's Roger Staubach:

"I have a lot to learn about passing. I figure I'll learn a lot more about football in the next year and a half. I'm going to work hard next season. I hope we can improve on this season's record."

That comforting news for Navy's opponents came from the All-America quarterback Wednesday night when he accepted the Heisman Trophy award as the top football player in the country.

ONLY ONE LOSS

Staubach led Navy to a 9-1 record, a No. 2 national ranking and a spot in the Cotton Bowl against top-ranked Texas.

Jolly Roger was asked how he figures he has "a lot to learn about passing."

"Lots of times I wait for my receiver to get in the open before I throw," he said. "That's wrong. The pros throw to where the receiver is supposed to be."

Did that mean Staubach was interested in a pro career?

NOT TALKING TO PROS

"I have received questionaires from professional football teams but I haven't talked to anyone because I still have a year and a half at the academy and then four years of service."

Among the other things, Staubach discussed was the best team he played against this season, and the support he received from the entire Navy team.

He team.

"I can't say enough about the support they gave me. Tom Lynch would do anything for me on the field or off and I feel the same way about him. If I hadn't been getting that second block I'd be scrambled eggs."

Lynch, the Navy captain, and Coach Wayne Hardin accompanied Staubach to the Heisman awards dinner. They let Staubach monopolize the talking but Hardin had this to say:

LYNCH THERE TOO

"I think we have the finest four backfield men ever put together although I'll admit I never saw the Four Horsemen in action. Staubach is a stick of dynamite. Johnny Sai runs the 100 in 9.7 and can break up any game. Pat Donnelly is the finest fullback the Navy ever had. Skip Orr is our leading pass receiver.

DAD IS HAPPY

"But," he emphasized, "I can't say much about Roger." Roger."

Neither could his father, Robert Staubach.

"We only had one child," he said, "but the good Lord gave us a good one."

BOB KENNEDY IS RESUMING PUBLIC LIFE

By JOSEPH E. MOHBAT

WASHINGTON (AP) — Slowly and quietly, Atty. Gen. Robert F. Kennedy is easing back into the public life that was so shatteringly altered by an assassin's bullet three weeks ago.

He still is the attorney general, the nation's top law enforcement officer, even though he no longer holds the intimate White House role he delighted in when his brother, John F. Kennedy, was president.

He attended a groundbreaking ceremony Wednesday — his first official public appearance since his brother's funeral. He didn't say anything. He just stood and watched. The playground is in the heart of the city, and he frequently has shown concern for the city's underprivileged children.

NO INTERVIEWS

He has made no public statement of his plans. He has permitted no news interviews.

But the general understanding continues to be that the 38-year-old attorney general will remain on the job as long as President Johnson wants him to.

"I'm not worried about Bob one bit," one close friend said. "I'm convinced he'll always be in public life—and that he will get along just as fine on his own as when he was part of that brother team. But as far as I know, he's kept his own counsel about his plans."

On chance meetings in the hallway, his characteristic "How are you?" in the flat Boston accent sounds the way it used to. The rather shy smile still is there. A few days in Florida and a full week back on the job seem to have restored him to typical excellent physical condition.

He attended a Cabinet meeting at the White House Wednesday.

REDS SIGN HAL SMITH

CINCINNATI (AP)—Catcher-infielder Hal Smith has signed on with the Cincinnati Reds as a free agent, President-General Manager Bill DeWitt said today.

Smith, 33, played in 31 games with the Houston Colts last season, batting .241.

PAUL FLATLEY CHOSEN NFL'S ROOKIE OF YEAR

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP)—Paul Flatley, rangy split end of the Minnesota Vikings, was named Rookie of the Year in the National Football League Thursday by an Associated Press panel from 14 league cities.

The 6-foot-1, 187-pound former Northwestern star, ranked eighth among the top pass receivers in the league in the latest statistics. He had caught 51 passes for 867 yards and four touchdowns and was the only newcomer among the leaders.

The Vikings' scouting staff selected Flatley as the club's No. 4 draft a year ago at Chicago.

EVERYTHING BUT SPEED

"Paul has great hands and uses his head," said Coach Norm Van Brocklin recently. "He has everything but blazing speed."

John Mackey, Baltimore's 6-3, 220-pound tight end from Syracuse, a No. 2 draftee, also received mention from several of the 42-man committee of sports writers and sportscasters, three from each NFL city.

Don Brumm, defensive end of the St. Louis Cardinals who made him their No. 1 draftee from Purdue, was outstanding despite injuries Ron Goodwin, Philadelphia offensive end from Baylor, also impressed the panel after a slow start due to injuries.

ARNETT CAN'T PLAY

LOS ANGELES (AP)—Injured halfback Jon Arnett probably won't play for the Los Angeles Rams Sunday when they wind up their season at Baltimore.

Arnett sufffefrefdf a pulled ha string muscle last Saturday against Green Bay. He had been disabled earlier in the season by knee injuries.

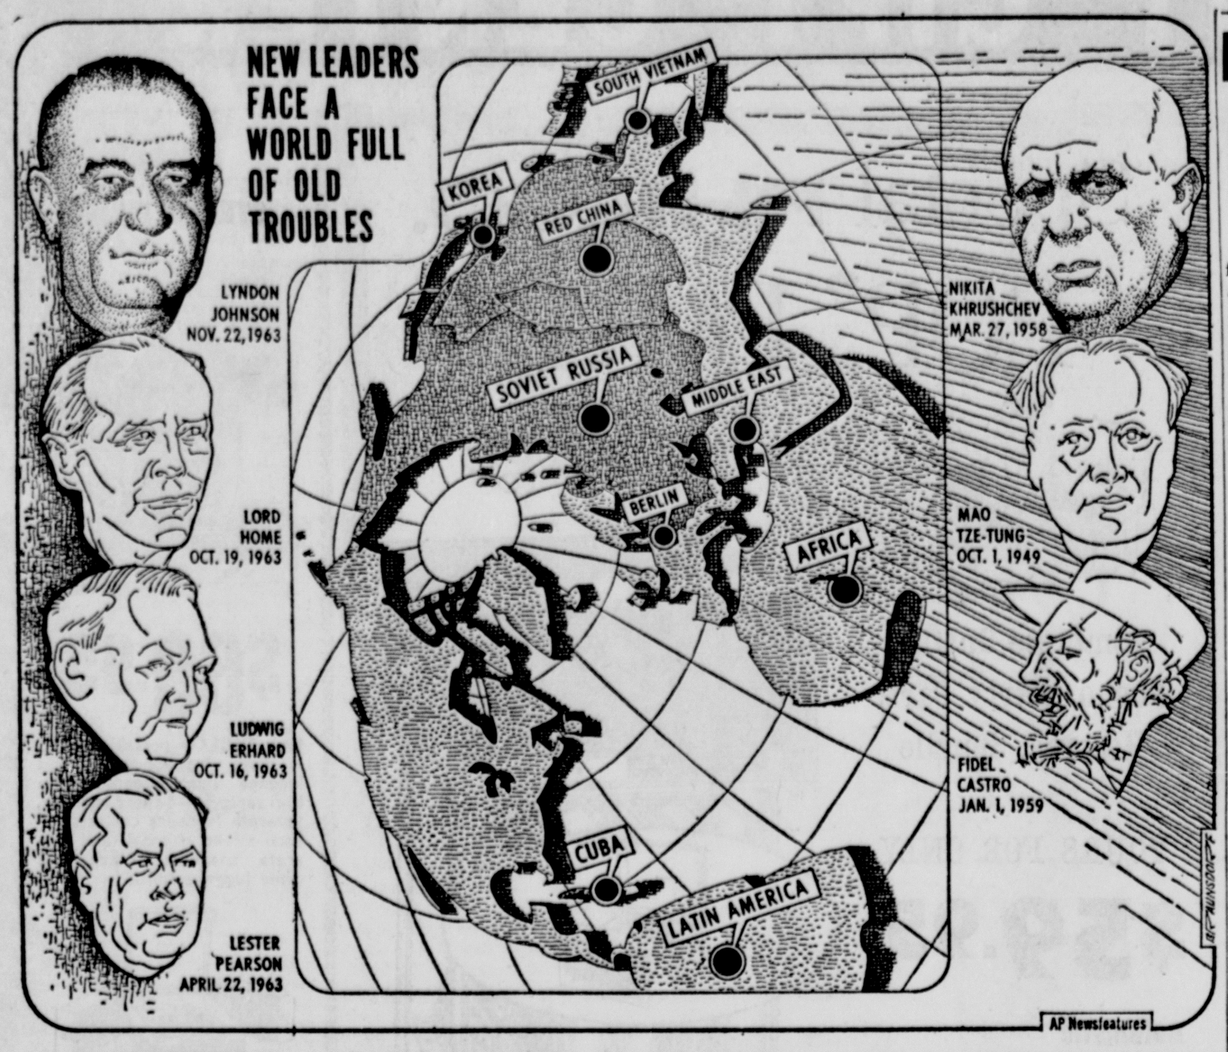
West's New Leaders Look Hopefully To The Future



By FRANCIS STILLEY
AP Newsfeatures Writer

A new set of Western leaders is facing a new year and a new era in world relations. But they're going to be facing the same old problems that have existed for years in the past.

Four major nations in the Western world had new men take over the helm of state during 1963 — three of them within a five-week period of October and November.

These were Lyndon Johnson as president of the United Stat Sir Alec Douglas-Home as prime minister of Great Britain and Ludwig Erhard as chancellor of West Germany. Earlier, in April, Lester Pearson became Canadian prime minster.

At the outset, all evidence indicates that these men and their nations will be able to work well with each other. The prospect doesn't appear quite so promising in the cases of Nikita Khrushchev of Russia, Mao Tze-tung of Red China or Charles de Gaulle of France. Then, too, there is Fidel Castro of Cuba.

LBJ MEETS LEADERS

However, things seem some better at the moment than they have been for some time in the cases of Khrushchev and De Gaulle.

And President Johnson has been quick to exploit the opportunity afforded by the situation.

He met these and many other world leaders briefly while they were in Washington for funeral services for the late President Kennedy, then immediately moved to hold much longer — and perhaps much more rewarding — talks with them in the near future.

Johnson first will confer with Erhard on December 27 and 28, when the chancellor will be the President's guest at the Johnson ranch in Texas.

President Antonio Segni of Italy will pay a state visit to Washington, beginning January 14.

Then Lord Home of Great Britain will be in Washington on February 12 and 13.

Meanwhile, plans are being made for a visit with Gen. De Gaulle. The date and place have not been set.

RED WANTS SESSION

In Moscow, it has been reported that Premier Khrushchev is anxious for talks with Johnson as soon as possible.

Khrushchev has pronounced himself satisfied with President Johnson's assertion that he will continue President Kennedy's policies and to seek better relations with Russia. During a recent speech Khrushchev voiced emphatic praise for both Johnson and Kennedy.

Lord Home has expressed optimism that a period of "more constructive relations" with the Soviet Union is approaching. Said Home:

"I think we ought to be able to come to areas of agreement with the Soviet Union — particularly in the prevention of surprise attack and possibly the first stage of physical disarmament, including the destruction of some nuclear weapons."

MAJOR PROBLEM

A major problem between Russia and the West is the future of Berlin, and Germany itself.

Despite the seemingly brighter prospects for improved relations, Khrushchev has demonstrated in the past that he can do some quick about-faces.

Troubles around the world remain in abundance. They include such things as the bitter ideological row and worsening relations between Russia and Red China, the dispute over whether to admit Red China to the United Nations and tensions in Africa, the Middle East, Latin America and the Far East.

RED CHINA ISSUE

Red China is a steadfast advocate of world domination by force, and may soon have nuclear weapons of its own.

Such problems will not readily be solved.

Even the United States and France, long and old friends, have had and are still having their differences. These have arisen over the future of the North Atlantic Treaty Organization and De Gaulle's insistence on France maintaining a nuclear military force of its own.

President Johnson has reaffirmed U.S. support for early development of a mixed-manned nuclear force with the North Atlantic alliance.

PITTSBURGH (AP) — Frank M. Wesley, 58, of Brookline was injured fatally Wednesday when he apparently slipped and fell into a piece of machinery at the A. M. Byers Co. plant on the city's South Side.

Children Can Help Decorate By Making Holiday Wreaths

By MRS. HELEN D. TUNISON
Home Economist

As Christmas time rolls around, many homemakers and their youngsters will be trying their hand at wreath-making.

MRS. TUNISON

This custom, that actually pre-dates the Christmas era by many centuries, often leads women out in the yard in search of greens. Pruning shears in hand, they are ready to snip off whatever they need from the shrubs around the house.

It's true. Sufficient evergreens may be obtained by careful and judicious pruning. But Harold Mosher, landscape architect in the Massachusetts Extension Service, offers a word of warning.

Remove only as much greenery as will improve the shape or vigor of the plant, Mosher says. Keep that uppermost in your mind — not that still - to-be-made Christmas wreath.

Many of the cone-bearing evergreens cannot develop new shoots or branches from old wood. Cut back pines, spruces and firs to the live side branches only.

Yews, junipers and hemlocks, on the other hand, can stand rather severe pruning. Still, care should be taken not to make holes in the plants. It's best to remove branch tips. In fact, this often will cause the branches to grow better and produce a denser plant.

Arborvitaes and false - cypress also will tolerate shearing. Again, be careful not to make holes. And, you can successfully prune broad-leaved evergreens — hollies, boxwoods, andromeda and laurel. All of these make rather rapid growth to replace any branches you may take off.

PARENTS CHOOSE TOYS

In 1962, manufacturers and retailers spent $30 million advertising toys, most of it during the Christmas season. But toys are only one of the many products advertised today to appeal to consumers.

Interest of parents in their children serves as an appeal for many advertisements. For example, a book advertisement may influence a family to see the value of an encyclopedia set because it will encourage children to develop good study habits. This appeal may be justified if children will be more interested in reading when books are handy.

Each family must make its own spending decisions on the basis of its own situation. A family may have other ways of providing reading materials, such as the school or public library. Parents need to know what is available from each source. Then, if they wish to buy books, they can buy those not readily available. Borrowing from a library instead of buying books may mean savings. The money saved could be used for other educational experiences, such as trips or college.

Advertising usually will tell how a product can help a family get something it wishes. But, a family could choose a way other than buying to reach its goals.

NEED SOLID BREAKFAST

During the holiday season, as all through the year, breakfast should be a must of your daily schedule. With a good breakfast you have plenty of pep through the morning hours, are less jumpy over minor irritations, and are less likely to have a headache.

With many social activities during the holiday season, you'll wish to look and feel your best. A good breakfast every day can help keep you chipper.

If you have a tendency to gain weight during the holidays, a good breakfast may help keep you from mid-morning nibbling of high-calories foods. It's the food you eat but don't need that causes weight gain.

When planning breakfast, try to include foods from each of the four food groups: Fruit-vegetable, meat, milk and bread-cereal. A fruit or fruit juice rich in ascorbic acid such as orange or grapefruit, is a wise choice. For a protein food you may select from common breakfast foods, such as eggs and cereals, or less common ones, such as cottage cheese, peanut butter, or hamburgers. Top off your morning meal with a milk beverage and a breadstuff, such as toast or rolls.

MINERS LOSE MOVE AGAINST UMW IN COURT

PHILADELPHIA (AP) — A federal judge has dismissed the attempt of retired anthracite miners to force the United Mine Workers Union to pay $10 million into the miners' health and welfare fund.

District Judge Allan K. Grim dismissed the suit Wednesday for lack of jurisdiction. He noted that federal court requires parties in a civil suit to be from different states and added:

"Because many of the individual members of the United Mine Workers Union are citizens of the same state as that of the plaintiffs, the citizenship of the opposing parties here are not wholly diverse . . ."

PENSIONS CUT

He said the plaintiffs did not contest the union's report that 96,000 of its 220,000 members were from Pennsylvania.

The suit, on behalf of 23,000 retired miners and widows, claimed the union had failed to collect 70 cents-a-ton royalties from mine owners, as prescribed by contract, and therefore was liable. The suit had said the owners withheld upwards of $10 million.

The suit was filed by three retired miners, Charles Nedd of Coaldale, Anthony Ganly of Branchdale and Albert Kocher of Askam. They said miners pensions had been cut from $100 to $30 a month during the past five years and that death benefits of $1,000 for widows were stopped six years ago and were only partially resumed in October, 1962.

SNOW, COLD SWEEP WIDE AREA OF U.S.

By THE ASSOCIATED PRESS

A vast snow storm spread a blanket of white across wide areas in the northern half of the nation today from the Rockies into the Northeast.

Subzero cold added misery to the prewinter storm in many parts of the Midwest. No immediate general break in the wintry weather was indicated in the snow-covered North Central region and heavy snow headed into Northeast sections. Blizzard conditions were indicated in the Dakotas, Minnesota and parts of eastern Montana.

The storm, striking 10 days before the start of the winter season, swept eastward from the midlands. Heavy snow and hazardous driving warnings were issued for northeastern New York, Massachusetts, Rhode Island and northern New England, with amounts ranging up to a half-foot.

The current storm, which developed in the southern Rockies, was blamed for at least 11 traffic deaths, including four in Oklahoma which was hit hard by heavy snow and gusty winds. Five persons were killed in traffic accidents in Illinois and two in Iowa.

The subzero belt covered areas in the Dakotas, Iowa, Nebraska, Kansas and Minnesota, with 11 below in Sioux Falls, S.D. The mercury ranged from zero to 10 above in parts of northern New England. There was some warming in parts of the eastern Rockies.

Snow depths ranged from 5 to 10 inches in the northern Midwest and 4 to 8 inches in the Great Lakes region.

Unseasonably cold weather was reported in most of the South Central section. Temperatures were near seasonal levels in the Far West with generally clear skies.

Mack Truck, Inc. Is Branching Out

BARBIZON, France (AP) — The president of Mack Trucks Inc. says the American firm is branching out in the international market in collaboration with the French-owned Bernard Camions Co.

Under the plan, Mack will become a major assembly and distribution operation throughout Europe and the former French colonies in Africa.

In an interview Wednesday, Mack president C. Rhoades MacBride said the move represents a major step by his firm.

Enter Not Guility Pleas In Court

PHILADELPHIA (AP)—John F. Byrne, suspended Pennsylvania Turnpike commissioner, and Victor E. Moore, Philadelphia Gas Commission chairman and former Philadelphia councilman have pleaded innocent to charges stemming from a special grand jury investigation of alleged corruption in City Hall.

Byrne, who is secretary of the Democratic city committee, will go on trial Dec. 26 on charges of perjury. Moore, will stand trial Jan. 6 on charges of extortion, bribery and conspiracy.

David Young, a former scrap metal dealer, who also pleaded innocent Wednesday to charges of obstructing justice and perjury, will go on trial Jan. 13.

United States farmers average about $1.05 an hour income for farm work. The average factory worker averages about $2.30.

MRS. KENNEDY PURCHASES A 14-ROOM HOME

By FRANCES LEWINE

WASHINGTON (AP) — Mrs. Jacqueline Kennedy has purchased a 169-year-old Georgetown house with 14 rooms and plans to move in with her two children by mid-January.

The three-story brick home is across the street from the residence of Undersecretary of Staee andMrs.W. Averell Harriman, where Mrs. Kennedy is living temporarily.

Purchase of the property at 3017 N Street was announced Wednesday, five days after Mrs. Kennedy moved out of the White House.

PRICE NOT REVEALED

The price Mrs. Kennedy paid the owners, retired businessman James McMillan Gibson and his wife, was not revealed. But the house had been on the market for some time listed at $225,000. Recently, the asking price had been dropped to about $190,000, real estate agents in the area said.

The house is one of the oldest in Georgetown, a commercial and residential area founded even before the District of Columbia was established.

A wealthy early settler, Ninian Beall, built it for his son, Thomas. The house has been the residence of the late Adm. Alan G. Kirk and onetime Secretary of War Newton D. Baker.

MAY GO SOUTH

The 14 rooms include a spacious first-floor drawing room and dining room, with a master bedroom and library on the second floor, each with a fireplace.

Before moving in Mrs. Kennedy may take her two children, Caroline, 6, and John Jr., 3, to Palm Beach for the Christmas season they traditionally spend with their grandparents there.

Meanwhile, President Johnson signed into law Wednesday a special bill to give Mrs. Kennedy and her children Secret Service protection for the next two years. It also provides for office space for 12 months and $50,000 for staff salaries during that period.

Mrs. Kennedy also gets free mailing privileges for life and the bill authorized payment of $15,000 for the late president's funeral and burial expenses.

QUINTS WILL BE HOME FOR CHRISTMAS

ABERDEEN, S D. (AP)—The Fischer quintuplets, three months old next Saturday, probably will all be home for Christmas.

Arrangementsare being made for two of the four girls to go home Saturday noon. James Andrew, the only boy, went home Nov. 30. The other girls should go home soon, too.

The parents Mr. and Mrs. Andrew Fischer, are acquiring more domestic help for their rented home in northeast Aberdeen.

James Andrew went home when he weighed 10 pounds, 5 ounces. He has been described by the family as "a very good baby." Fischer has said there have been no problems at the Fischer home since the boy left St. Luke's Hospital.

5 OTHER CHILDREN

The Fischers have five older children, so if the girls make it home by Christmas it should be a lively holiday.

Mr. and Mrs. Fischer recently picked out $100 in toys donated by a chain store.

The four girls, still in the hospital nursery, are growing. Latest hospital reports list Mary Ann's weight at 6 pounds, 13 ounces; Mary Magdalene 8-5; Mary Catherine 7-13 and Mary Margaret 8-1.

All are reported doing fine.

The quints' father has returned to his job as a shipping clerk in a wholesale grocery warehouse here and at the same pay.

A financial windfall came from the sale of rights to exclusive stories and pictures.

Mary Ann Fischer, the quints' mother, is picking up the family routine. Her mother, Mrs. Elmer Brady of Hecla, S.D., is helping her.

A new home promised by the city of Aberdeen is still in the planning stage.

Polaris Missile Goes Off Course

CAPE KENNEDY, Fla. (AP) —Radio flight records, especially those on the control system of the first stage, are being studied by engineers seeking the trouble which sent a Polaris A3 missile off course Wednesday night.

The missile was fired from the surface ship Observation Island but veered from the planned path and was destroyed by the range safety officer after 53 seconds of flight.

Court Pays $5,000 For Man's Outhouse

LOUISVILLE Ky (AP) — It cost Jefferson Fiscal Court $5,500 to buy Vernon Starr's outhouse.

It was in the path of the relocation of Louisville's Outer Loop superhighway. Jefferson County needed only the strip of land occupied by the outside toilet. To move the outhouse closer to Starr's house would be against health regulations.

The court voted Wednesday to buy all of Starr's property, then sell it for residential use—less the portion needed for the road.

CRITIC LAUDS HARLEM SHOW AIRED BY CBS

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)— Manhattan's Harlem, jammed with a population close to one-half million, was the laboratory in which "CBS Reports" Wednesday night attempted to sample moods, emotion and opinions of Negro leaders in the current equal rights struggle.

It was impossible in one hour to do more than touch on the aims of groups as far apart as the extremist "Back to Africa" and black nationalist organizations on one hand and the National Association for the Advancement of Colored People, the Congress of Racial Equality and the National Urban League on the other.

But merely by presenting the problems of what narrator Harry Reasoner called a Negro ghetto—slums, bad housing, unemployment and a shortage of trained people plus impatience and revolt against their situation—the program served an important purpose.

THOUGHT-PROVOKING

It was a sobering, thought-provoking show. It found the Harlem temper very, very warm.

ABC plans a major reshuffling of its daytime schedules on Dec. 30, which will put a number of shows in new time spots, result in the demise of five-year-old "Who Do You Trust?" and the birth of still another game show.

Involved in the switches are "Seven Keys," "The Ernie Ford Show," "General Hospital" and "Queen for a Day."

NEW PANEL SHOW

"Who Do You Trust? "started in October 1958 with Johnny Carson as comedian-in-charge of audience interviews. Woody Woodbury, a Florida night club entertainer, took over the show when Johnny moved to NBC and the "Tonight Show" last season.

Dick Clark will make his debut as a television panel show host with "The Object Is," that will follow "The Price Is Right" at 11:30 a.m. It will follow the classic TV recipe of mixing up celebrities and studio contestants in a guessing game.

Recommended tonight:: "The Long, Lost Life of Edward Smalley," NBC, 10-11 EST — Suspense tale with Richard Crenna in the title role and James Whitmore playing an attorney whose life is threatened.

Famed Hotel To Open New Career

AUGUSTA, Ga. (AP) — The famed Bon Air Hotel, whose guest register since the 1880s included such famous persons as Presidents Wilson, Coolidge, Harding and Taft, will reopen next month as a residence for the elderly.

ED BROWN IS AP'S PLAYER OF THE WEEK

NEW YORK (AP)—The wind flushed Ed Brown's face as he stood on his own goal line in punt formation.

"We had to pass. There was no way we could punt. We had to get out of that hole," said Pittsburgh Coach Buddy Parker.

"Everyone knew what they were going to do. They had to run or throw," said Dallas Coach Tom Landry.

Brown took the snap from center. He didn't punt. He passed.

Red Mack latched onto the pass for a 42-yard gain, and the Steelers kept rolling until Theron Sapp bolted 24 yards for the touchdown that gave Pittsburgh a 24-19 victory and moved them into this Sunday's winner-take-all battle with the Giants for the Eastern Conference title.

For Brown's ability to successfully complete the gamble the first time he had attempted to pass from punt formation this season, the 10-year-veteran was named today National Football League Player of the Week by The Associated Press.

The Steelers' final drive was an amazing sequence, thrusting Brown, Mack and Sapp into the spotlight. Trailing 19-17, the Steelers started from the 20, but on fourth down the ball was four yards closer to the Pittsburgh goal, with about 3 minutes remaining.

Brown's call was a pass to Mack.

Other standout performances were turned in by Baltimore quarterback Johnny Unitas, St. Louis signal-caller Charlie Johnson, Willie Galimore of the Chicago Bears, Detroit quarterback Earl Morrall and New York defensive back Dick Lynch.

WARNS CABINET TO AID PLAN TO CUT SPENDING

By KARL R. BAUMAN

WASHINGTON (AP) — President Johnson has put members of his Cabinet on notice that he expects them to give their personal attention to his campaign to hold down federal spending.

Winding up another busy day in which he again put heavy emphasis on economy in government, Johnson called in his Cabinet Wednesday to talk over a variety of matters.

These included in addition to the federal payroll the health of the nation's economy, unemployment and methods for dealing with it and an evaluation of the strategic nuclear forces of the United States and the Soviet Union by Secretary of Defense Robert S. McNamara.

VISITED PENTAGON

The Cabinet meeting followed a trip by Johnson to the Pentagon where he told top men of the military establishment that he is counting on them to protect the country's purse as well as its safety.

But Johnson assured the military leaders that he does not "intend for one moment to give up the gains and strength" of the last three years.

White House sources said Dr. Walter W Heller, chairman of the Council of Economic Advisers, reported to Johnson that the gross national product—the value of all goods and services produced—soon will pass $600 billion at an annual rate.

Heller reported that the economy is moving ahead steadily but not fast enough to cut down the current unemployment rate of about 5.9 per cent of the labor force.

VOTE PEACE CORPS BOOST

WASHINGTON (AP) — The Senate passed today and sent to the White House a bill authorizing a major expansion of the Peace Corps.

The action was taken by voice vote, and without debate, on a routine call of the calendar of unopposed measures.

The bill authorizes an appropriation of $102 million for the corps for the current fiscal year.

Peace Corps Director Sargent Shriver testified last week that plans call for having some 11,300 volunteers in service by the end of next August.

Congress appropriated $59 million for the corps last year.

Funds for the corps will be included in a catch-all appropriation bill, which also will provide appropriations for the foreign aid program.

The Peace Corps is operating in 46 countries and has turned down or postponed requests from about 30 other nations, Shriver said at the time.

BELIEVES TOP DEMS TO STAY IN SENATE JOBS

By EDWIN B. HAAKINSON

WASHINGTON (AP) — Sen. Hubert H. Humphrey confidently predicts that top Democratic Senate leaders will retain their posts in the new session of Congress.

Humphrey, the assistant Democratic leader, adds that President Johnson had talked this over with the present Senate leaders and expects to work closely with them on his new proposals.

The Minnesota senator joined Democratic Leader Mike Mansfield of Montana in blasting rumors that 86-year-old Sen. Carl Hayden, D-Ariz., would resign as president pro tempore, with Mansfield taking his place and Humphrey stepping up to Democratic leader.

"NO CHANGES"

"There will be no changes whatsoever," Humphrey said in an interview. "Senate Democrats want Mike Mansfield as their leader. I want him and I see no change in the future."

Humphrey said he was certain Johnson expects to continue the harmonious contacts with Democratic congressional leaders "enjoyed by the late President John Fitzgerald Kennedy."

The sudden elevation of Johnson to the presidency left the office of vice president vacant and made House Speaker John W. McCormack D-Mass., 72, next in line for the presidency eith Hayden, the oldest member of Congress, behind McCormack in succession.

Public and press discussion of the 1947 act which places these two veterans in line for the White House apparently touched off rumors of a possible shuffle in Senate leadership.

United States farmers received in 1962 about $1,436 personal income per capita, or $940 from farm sources and $496 from nonfarm sources.

MILITARY CUT WILL REDUCE CIVILIAN JOBS

By FRED S. HOFFMAN

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara, beset by furious congressmen, was expected to announce today economy-induced plans to close or reduce operations at 25 to 27 military bases in about 16 states.

Reports from congressional sources late Wednesday forecast shutdown of more than 30 installations, with the loss of 75,000 jobs.

But it was learned McNamara's action will affect several bases fewer than that, and result in abolition of 9,000 to 12,000 jobs.

There were indications the bases, large and small, would be phased out over perhaps three years.

SHIPYARDS NOT AFFECTED

No naval shipyards were on the list of Army, Navy and Air Force bases due to be axed or reduced in scope.

Rumors Wednesday said McNamara would move to close naval shipyards in Boston, Philadelphia and San Francisco. One base in Ohio also was mentioned.

House Speaker John W. McCormack, D-Mass.; acting for the entire Massachusetts delegation, carried to President Johnson Wednesday night a bipartisan protest against rumored closing of the Boston Navy Yard.

MANY PROTESTS

Other protests rained on the White House from Pennsylvania, California, New York and other state congressional groups.

Johnson has emphasized economy since succeeding the late President John F. Kennedy Nov. 22.

Johnson told a news conference last Saturday he and McNamara were making a study of defense installations to determine which could be eliminated as a way of curbing spending.

This base survey program predated Johnson's rise to the presidency by about 2½ years. It was inaugurated by McNamara in March 1961, about two months after the Kennedy administration took office.

At that time, the Pentagon listed 6,700 bases and installations of various sorts, about 4,500 of them in this country and the rest abroad.

Since March 1961, the Defense Department says, more than 400 installations have been closed or reduced in scope. Claimed savings: about $316 million a year.

All About The Christmas Tree

The Christmas Tree! Today we regard it as a central decoration for our season's festivities . . . a focal point around which our loved ones gather. Why, the Tree just seems as if it always belonged to the Christmas celebration! Yet, we find that this cheery heart-warmer has not really been with us so very long after all.

The Christmas tree originated in 16th century Germany from where this beautiful folktale of its beginning comes.

A poor wood-cutter, his wife and son lived deep in the forest. One stormy Christmas Eve while they were enjoying their simple fare, they heard knocking at the door.

When they opened it they found a cold and hungry little boy outside. The family welcomed the tattered stranger, shared their frugal meal with him, and their young son Hans insisted on giving up his own bed to the pitiful child.

In the morning, the family was awakened by the singing of angels and looking for their young guest they found he was none other than the Child Jesus!

"I have accepted your gifts, and here is Mine to you," He said as He broke off a branch from a fir tree and set it in the ground. "This shall always bear its fruit at Christmas, and you will always have abundance!"

To Martin Luther has been attributed the first putting of lights on the tree.

One evening, the story goes, Martin was inspired by the stars' reflection on the snow-laden branches of a tree. Wishing to recreate for his family the beauty he had seen, he brought home a small tree and affixed lighted candles to the branches.

Because of the linkage with Luther, the custom of the Christmas tree spread more rapidly in Protestant areas, but we find it all over Europe by the 1800s.

The use of the Christmas tree first came to our shores during the American Revolution with the Germans.

Christian tradition has endowed the tree with rich significance. It is an evergreen, symbol of eternal life and the lights are to be reminders that the Babe in the manger is the Light of the world.

Today in more than two-thirds of U.S. homes, as well as throughout Christendom, the Christmas tree is a happy part of the holiday tradition!

STORY OF THE STOCKINGS

"The stockings were hung by the chimney with care, in hopes that St. Nicholas soon would be there. . . ."

It's not known how this tradition got its start but there is a lovely legend about the custom's beginning.

It seems that in the town where the "first" Saint Nicholas lived there was a merchant who had three daughters who were not married. In those days, the 4th century, a maiden had to have a dowry before she could marry. And the merchant was bankrupt.

Nicholas, who was then a boy, heard of their plight. He went to the house late one night and dropped three bags of gold down the chimney. They fell into the girls' stockings which were hanging by the fireplace to dry.

The gold was enough for the girls' dowry so they were married and lived happily ever after taking care of their poor father as well.

Bayberry candles, which are said to foretell good luck for the coming year if they burn bright at Christmas, were first made by early settlers in America. They dipped bayberry branches in wax and burned them during the holidays.

When you are boiling a chicken it's safe to use a teaspoon of salt to a quart of water. For rich broth, boil down the broth after the chicken is cooked through and has been removed from the liquid and seasonings.

VINCENTOWN, N. J. (AP)— The skeleton of a man found in a thicket of scrub pines by a party of hunters has been identified from cards as that of Robert L. Burns, 28-year-old Philadelphian missing since April 1962.

State police said a tattered wallet found among the bones contained Burns' military identification card and Social Security card.

The remains were discovered Tuesday by Lloyd Pugh, 26, of Camden, who was hunting with four other Camden men.

CRITIC LIKED ABC SHOW ON RUSS WOMEN

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — The American Broadcasting Company at the start of a special documentary program Tuesday night promised dramatically to introduce us to a new breed of woman—the emancipated, hard-working Soviet woman.

Then for the next hour, its films and the Russian women interviewed all tended to prove that modern Soviet women are pretty much like women all over the world, including the United States.

While "The Soviet Woman" did not prove the narrator's premise it was still a most interesting program. Instead of the usual concentration on Kremlin thunder and politics, it pulled together a portrait of family life and the workaday world of the average Russian.

FAR OUTNUMBER MEN

Women far outnumber men, many of whom were killed in World War II, and thus comprise about one-half of the Soviet working force. They also are employed in areas where few American women have important footholds. They predominate, for instance, in the field of medicine.

The Soviet woman like many of her American sisters, finds it is necessary to hold down a job as both parent and employe in order to make ends meet. Because the U.S.S.R. needs womanpower the state has kindergartens, nurseries and boarding schools to make it easier for her.

"Big Mitch," written for NBC's "Richard Boone Show" by the late Clifford Odets, was announced as a comedy.

BOONE SHOW PAINFUL

What it turned out to be Tuesday night, however, was a rather painful and not funny story about a noisy old fraud who talks big, won't work and is so selfish that he attempts to break up his daughter's September romance.

Perhaps in other hands, Big Mitch might have come off as a charming, lovable fellow. But Boone, whatever his talents, just isn't an actor with that kind of gentle approach, and comedy isn't exactly his dish either.

When you add grated cheese to mashed potatoes, reserve a little of the cheese for the top.

MAY TAKE YEAR TO CLOSE PROBE

WASHINGTON (AP) —Some officials predicted privately today that it may be a year before Chief Justice Earl Warren's commission finished investigating the assassination of President John F Kennedy.

The predictions followed disclosure by government sources that threads from the shirt of Lee Harvey Oswald, the accused assassin, were found snagged on the rifle which authorities say was used to kill Kennedy as he rode in a Dallas motorcade Nov. 22.

As the Warren commission continued its study of a five-volume FBI report on the assassination, an official said it won't bother the White House if the commission takes a year, adding: "Nobody wants a quickie job."

There was evidence from Warren that the commission considers the massive FBI investigation report, delivered to the seven commission members Monday night, just the starting point for its task.

Within 24 hours Warren announced the appointment of a general counsel, former U.S. Solicitor General J Lee Rankin, as the first step in providing the commission with a staff.

3 DIE IN STORM

ROME (AP) — Usually sunny Italy counted three dead today after an onslaught of icy rains and violent winds.

The storms lashed the Italian west coast and the islands of Sicily and Sardinia Tuesday.

Three Cardinals Will Join Pope On Trip To Holy Land

VATICAN CITY (AP) — The Vatican announced today that Pope Paul VI would be accompanied on his trip to the Holy Land next month by three key cardinals of the Roman Catholic Church.

They will be in an 11-member official retinue of churchmen from the Vatican traveling with the pontiff Jan 4-6.

The cardinals are Eugene Tisserant, French-born dean of the College of Cardinals; Amleto Giovanni Cicognani, head of the Vatican Secretariat of State; and Gustavo Testa, secretary of the Congregation for the Oriental Church.

IMPORTANT TRIP

The choice of cardinals indicated the importance the Pope is attaching to his trip to Jordan and Israel and especially emphasized the prospects of contacts during the trip with Orthodox Church leaders.

Cardinal Cicognani, as secretary of state, is the Pope's highest collaborator at the Vatican. He is something of a combined prime minister and foreign minister.

Both Cardinals Tisserant and Testa are experts on the Orthodox Church.

Not included in the list was Augustin Cardinal Bea, German-born president of the Vatican Secretariat for the Promotion of Christian Unity. This indicates the Pope does not anticipate major talks with other non-Catholic Christian leaders who might be in the Holy Land at the same time.

TO MEET GREEK

There had been reports that Cardinal Bea would go with the Pope if the Holy Land pilgrimage included talks with Protestant and Anglican leaders as well as Orthodox. Patriarch Athenagoras of Istanbul proposed a Catholic-Orthodox summit session during the papal pilgrimage.

The Vatican made it clear Wednesday the Pope would be willing to see Athenagoras and possibly other Christian leaders in the Holy Land; but the Vatican indicated it would not view such talks as formal negotiations for Church reunion.

EXTRA GUARDS WILL PROTECT LBJ IN GOTHAM

By TOM HOGE

UNITED NATIONS, N.Y. (AP)—U.N. security chiefs are planning extraordinary precautions to protect Piresident Johnson during his visit to the world forum next Tuesday.

A reinforced guard of 250 men will keep United Nations headquarters under tight surveillance during the President's visit of slightly more than an hour.

"We are calling in all auxiliary guards to beef up the force that day," said Frank M. Begley, coordinator of U.N. security.

"In view of the tragic events in Dallas, we are much more mindful of slips and mistakes."

The supersecurity lid for Johnson will slam down as soon as the U.N. opens its doors Tuesday.

20-MINUTE TALK

The President is scheduled to arrive at 11:55 a.m. (EST) to give a 20-minute address to the General Assembly reaffirming his confidence in the U.N. and giving assurances that he will carry out President Kennedy's policies.

The emergency precautions will not be lifted untill the President has spoken, received the heads of delegations and left the building for a 1:15 p.m. luncheon given by U.S. Chief Delegate Adlai E. Stevenson at the Waldorf-Astoria Hotel.

"Until the President leaves," the general public will not be admitted to the building or the U.N. grounds," said Louis Mayan, chief U.N. security officer.

Hundreds of New York police will patrol the streets outside the U.N., keeping the crowds at a distance and maintaining watch on nearby buildings.

PassengerOnPlaneAbove Doomed Jet Tells Of Fire

WILMINGTON, Del. (AP) — "One huge flame, like a furnace below."

That was a description of Pan American Clipper 214 as it crashed, killing 81 persons near Elkton, Md., Sunday night.

It was given by Albert Cutner, a Wilmington auto dealer, a passenger on National Airlines flight 16, flying above the doomed plane as it went down.

Cutner said the National plane and the Clipper were flying holding patterns in a thunderstorm while awaiting landing clearance from Philadelphia's International Airport.

"We heard a big thump, a real loud noise," Cutner said.

"We looked out and saw a tremendous orange glow," he said. "Half of us thought we were on fire. I looked out and saw one huge flame, like a furnace below. You could tell it was a plane. It was all aflame, front to back. Our whole plane shook and we darted off like a bullet.

ROUGH TRIP

"I walked up near the hostess. They were all in tears. They were petrified. We didn't know whether we were on fire or what. One hostess said. 'You be quiet. One plane is on fire and we have been hit by lightning."

Cutner said that the trip from Miami, Fla., was so rough that passengers were told to keep their seat belts fastened all the way.

He said that about 45 minutes from Philadelphia the National plane suddenly dropped "what must have been a thousand feet."

"One man slipped right through his safety belt and hit the ceiling with a thud, and every thing was knocked out of racks."

Cutner said the National plane landed at New York and passengers were transferred to Philadelphia by bus

Set Up Kennedy Memorial Fund

BURLINGTON, N.J. (AP) — An electronics firm has established a $10,000 scholarship fund at Drexel Institute of Technology in Philadelphia in memory of President John F. Kennedy.

The scholarship was established by Walter Dubrow, president of Dubrow Electronic Industries, Inc., Wednesday. Dubrow said the fund will provide scholarships "for deserving and capable students in the engineering field with preference to be given to those minority groups which have heretofore been denied equality of education and economic opportunity."

In making the award, Dubrow noted President Kennedy's efforts in the field of civil rights.

MADISON, Wis. (AP) — The U.S. Olympic hockey team, led by the three-goal hat trick of Dan Dilworth, continued its tuneup campaign by whipping the Madison All-Stars 9-2.

MADISON, Wis. (AP) — University of Wisconsin co-captain and center Ken Bowman said he had signed a contract Wednesday with the Green Bay Packers of the National Football League.

PHILA. MAYOR WILL APPEAL YARD CLOSING

PHILADELPHIA (AP)—Mayor James H. J. Tate says he will appeal to President Johnson to rescind a defense department order to close the naval shipyard here with the loss of 9,100 civilian jobs.

Tate said he would try to see the president Thursday "to inform him of the serious consequences that such action would inflict on the city's economy."

Business and labor leaders in the Philadelphia area promised they would join in a fight to save the shipyard.

CITY "SHOCKED"

Tate said the entire city "was shocked" to learn that the shipyard might be closed for economy reasons, which he called "false economy indeed."

Tate pointed out that much vital military work was performed at the shipyard during World War II and "who can say when it may be needed in another emergency."

Keeton Arnett, executive vice chairman of the Chamber of Commerce for Greater Philadelphia, said Philadelphia interests will make every effort to forestall the closing.

"As long as there is a United States Navy," he said, "there will be a need for the Philadelphia Naval Shipyard. It is inconceivable that the Pentagon is blind to this need and will do away with an installation of such importance to our defense."

MOTORISTS SOON MAY BUY PROTECTION

HARRISBURG (AP) — Pennsylvania motorists next year will be able to purchase for $2 insurance against the uninsured driver.

The State Insurance Department approved the $2 annual rate Wednesday. The law passed by the 1963 legislature requires auto insurance companies to offer the coverage, effective Jan. 1.

The new law in effect reduces the present $3 rate charged by insurance companies which formerly offered the coverage on a voluntary basis.

TO EASE HARDSHIPS

The special coverage is aimed at alleviating the financial hardships resulting from motor vehicle accidents in which the responsible party does not have insurance or cannot be located.

The policy will pay up to $10,000 per person or $20,000 per accident for death or bodily injury. It does not apply to property damage, which already is covered under present policies.

Under the law, the uninsured motorists clause must be offered by all companies, but it may be rejected by any policy holder.

AVERY ADAMS DIES

PITTSBURGH (AP)—Funeral services will be held in Pittsburgh Saturday for Avery C. Adams, former board chairman and president of the Jones & Laughlin Steel Corp.

Burial will be in his native Youngstown, Ohio.

Adams, 65, died Wednesday in his apartment in a Pittsburgh hotel.

Last year, 19 per cent of Americans' disposable income went for food.

Cardinal Spends Xmas At S. Pole

CHRISTCHURCH, New Zealand (AP) — Francis Cardinal Spellman, the Roman Catholic archbishop of New York, is going to the South Pole this Christmas.

Cardinal Spellman is his Church's military vicar of the United States. Every Christmas he visits servicemen overseas.

The U.S. Navy's antarctic support force announced today that the cardinal will celebrate midnight Mass Christmas Eve at the Amundsen - Scott South Pole station. Then he will return to the American antarctic expedition's main base at McMurdo Sound for Christmas afternoon services.

After the McMurdo services he will fly to Byrd station, 800 miles from McMurdo. Because he will cross the International Dateline, he will spend another Christmas Day there.

TO AIR VIEWS ON JOBLESS PAY IN PENNA.

HARRISBURG (AP) — Labor and industry were called today to air their views on the Scranton administration's proposed reforms to Pennsylvania's unemployment compensation laws

At least 15 different witnesses were listed to appear before a special legislative task force examining the proposals.

Jack B. Brown, executive director of the Bureau of Employment Security, testified Wednesday that the present unemployment compensation program is headed for disaster, unless immediate reforms are enacted.

SCHEDULE 5 HEARINGS

The state's unemployment compensation fund must accumulate a balance of $100 million a year to be safe, he said.

Brown appeared as a witness in the first of five scheduled hearings by the task force.

"An important truth is that Pennsylvania system is almost insolvent and prospectively is sure to be unless a substantial overhaul of the system is promptly undertaken, Brown declared.

The unemployment compensation reserve fund has a balance of $167.6 million. just $600,000 more than the state owes the federal government in loans and temporary advances.

PLAN CONTROVERSIAL

The reforms proposed by the administration last July in the House, but withdrawn when they became surrounded by controversy, are aimed at beefing up the fund.

Brown outlined the reforms for about an hour, then answered questions.

Much of the discussion revolved around the administration plan to eliminate the so-called "double-dip" clause.

CALLED UNFAIR

Under the present law, unemployed men and women are entitled to two straight years of unemployment compensation, if they are unable to find a job.

The administration's reform would eliminate the second year unless the claimant had intervening employment for at least five weeks.

Rep. Herbert Fineman, D-Philadelphia, argued that this would be unfair to the long term unemployed.

Large ocean-going vessels can penetrate 2,300 miles along the Amazon — about three-quarters of the way across the South American continent.

Reward Rejected By Santa Claus

LOUISVILLE, Ky. (AP) — When Mrs. Caroline Cogburn answered the telephone today, Santa Claus was on the line.

He had found her wallet and the $43 she had saved to buy gifts for her five youngsters.

An hour later Walter Cooley, 19, showed up with the money. He explained he had spotted the wallet in a shopping center parking lot, where he is working as Santa Claus.

Cooley refused a reward.

ESCONDIDO, Calif. (AP) — The head of the Strategic Air Command, Gen. Thomas S. Power, says he will retire next year.

Power, 59, in the Escondido area on a duck-hunting trip, told newsmen Wednesday he reaches the mandatory retirement age of 60 next year. He took over SAC in 1957.

SENATE STOPS TO EULOGIZE J. F. KENNEDY

WASHINGTON (AP) — The Senate stopped work Wednesday for a day of eulogy to John F. Kennedy.

Republicans and Democrats, friends and opponents — all drafted tributes to the late President, assassinated 20 days ago on a Dallas street.

But the phrases came hard, for so much had already been said.

After all, said Sen. Philip A. Hart, D-Mich., no words could match the eloquence of the grief on the faces of "millions of the world's peoples."

"Surely, the name of John F. Kennedy . . . has already been consecrated far beyond our poor power to add or detract . . ." but, Hart added in his prepared speech, "A eulogy day gives us a chance to pour our grief into a common pool where it can be shared more readily and therefore borne more easily."

PLEDGES SUPPORT

Essentially his own eulogy, Hart continued, is a pledge to support President Johnson in his appeal for civil rights, tax and other legislation as a memorial to Kennedy.

The two Senate leaders, Democrat Mike Mansfield and Republican Everett M. Dirksen, also prepared eulogies, although both had expressed their grief in eulogies shortly after Kennedy's assassination.

But memorial services in the Senate are always a special occasion.

And when all the words have been spoken they will be bound into a volume for presentation to the President's widow as evidence of the admiration and affection in which her young husband was held.

MAY TIGHTEN REGULATIONS ON GUN BUYS

WASHINGTON (AP) — Legislation to tighten controls on purchasing guns through the mail will get a public airing before the Senate Commerce Committee, that group decided Tuesday.

One of the bills to be studied was introduced by Sen. Hugh Scott, R-Pa.

Commerce committee aides said the hearings may start Friday. They said the committee hopes to end the hearings before Congress starts its Christmas recess to clear the way for Senate action early next year.

Sen. Thomas J. Dodd, D-Conn., has offered strengthening amendments to a bill he introduced last August.

Lee Harvey Oswald, President Kennedy's accused assassin, bought an imported rifle by mail from a Chicago firm for $12.78.

Scott's bill would require a person ordering a gun by mail to submit a certificate from a law enforcement official stating the reason for acquiring the firearm. The purchaser would also have to give his criminal record, if any, and would have to submit any available information about the purchaser's mental competence and stability and his reputation for law observance.

DODD'S PLAN

Dodd's bill, in its amended form, would require a person buying a gun by mail to submit a notarized statement that he is over 18, has no felony record and would not violate state or local laws by owning the gun.

A certificate from a law enforcement official certifying the statement would also be required.

NAME JOHNSON TO DPI POST

HARRISBURG (AP)—Russell D. Johnson, 51, was named today to the newly-created position of special assistant to the superintendent of Public Instruction.

Johnson, currently personnel director in the Office of Administration, will assume his new duties Thursday at a reduction in pay, Gov. Scranton's office announced.

Johnson, of Camp Hill, will receive $14,657 a year in the new post, compared to his present salary of $15,387 annually.

The governor's office said Johnson will serve as liaison man between the department and the Scranton administration as part of a reorganization of various state departments.

Johnson also will serve as consultant to the superintendent and assist in developing personnel and administrative policies and procedures.

He entered state service in 1956, being appointed to his present post in 1957.

No successor has been named for the personnel post in the Office of Administration.

SENATORS AGREE

WASHINGTON (AP) — U.S. Sens. Joseph S. Clark, Democrat, and Hugh Scott, Republican, both of Pennsylvania, voted in favor of the $1.2 billion higher education bill which authories construction funds for four-year and junior colleges. The bill was sent to President Johnson by a vote of 54-27 Tuesday.

NATO UNIFIED AGAINST FOES

ST. PAUL, Minn. (AP)—The North Atlantic Treaty Alliance is solid and unified against any external threat and President Charles de Gaulle of France is a steady ally when issues of that type are involved, says Secretary of State Dean Rusk.

He added that while there are differences within Western Europe, it is possible now to say that "for the first time in history a world war will not originate in a dispute within Western Europe."

The secretary spoke at a convention of the Farmer's Union Grain Terminal Association Tuesday night and held a news conference prior to the dinner.

Rusk said he hopes Congress will approve the full amount requested by the administration for foreign aid.

"We are in the struggle for peace for keeps, and foreign aid is a part of that effort. We can't afford to stop now. There is too much at stake," he added.

Ernie White, pitching coach for the Mets during 1963, will manage Williamsport in the Eastern League in 1964.

A Lovelier You

By MARY SUE MILLER

TO THOSE WHO SERVE. No matter how simply we live, each of us is served by an enormous staff. Just tick off the people you depend on, the butcher to the banker and you will be amazed at their number. Not to mention their indispensability!

You come to appreciate, too, that most service is rendered with right good intentions. That rudeness or inefficiency is the exceptions, not the rule.

Still there is much tongue-clucking these days about slipshod work and grudging attitudes. But methinks it's a two-way street.

The consumer just might be unreasonable and unmannerly on occasion.

At a crowded stocking counter only yesterday, a customer, having elbowed her way to the front out of turn, was heard to dress down the harassed saleswoman for inattention. Would you say that the service or the customer was at fault?

Taking a high-handed approach with anyone who serves us is the nadir of behavior. Not even poor or surly service is an excuse for rudeness in return. When justified, a reproof should be given in firm, but polite tones.

More than good manners is at stake in such situations. Our basic belief in human worth is on trial. Harsh treatment of persons is a less advantageous position than our own betrays a total disregard for the value of the individual.

If we have an ounce of decency, we are obligated to courtesy. It is unthinkable that anyone would make a show of discourtesy at this season—the season of good will to all men.

WINNING MANNERS

To open a door on increased poise and popularity, send for our booklet, WINNING MANNERS. Topics included are introductions, invitations, table manners, the charming hostess, you—the guest, dating manners, formal dances, travel tips and tipping, small points, like when to wear a hat or check your coat. For your copy, write to Mary Sue Miller, Box 158, The Gettysburg Times, Dundee, Ill., enclosing 25 cents in coin and along, self-addressed stamped envelope.

One of them — Rep. Frank J. Becker of New York — complained Tuesday that "when Democrats call for a moratorium on politics, it's just to gag Republicans." His wasn't the onl voice of complaint.

So things ought to be getting back to normal around the first of the year.

Kudor tribesmen of New Guinea regard visiting naturalists with esteem because they themselves are well-informed about birds, insects and animals But to them, outsiders who come to scratch for gold in stream beds are "long-long," or crazy.

Little Known Little Items

The meaning of the word Bethlehem, the city where Christ was born, is "home of the bread." Although Beth resembles our word bread and lehem is close in sound to home . . . actually the translation is reversed: Beth is home; lehem is bread!

The pipes used by shepherds in the Holy Land today and at the time of Christ's Birth are said to be forerunners of the church pipe organ of today.

"The Well of the Wise Men," where the Magi stopped to water their camels enroute to Bethlehem, stands at the foot of a hill on the mountain route from Jerusalem and is in use today.

It was the reflection of the Star on the surface of this well which told the Wise Men they had almost reached their destination, although the little village of Bethlehem still was hidden just over the hill.

ADVERTISE IN THE TIMES

REPORTS RAIL PROFITS BEST IN SIX YEARS

NEW YORK (AP)—Stuart T. Saunders, board chairman of the Pennsylvania Railroad, says the railroad industry's profits for 1963 will be the best in six years.

But he told an Institute of Life Insurance luncheon Tuesday that despite the favorable outlook for 1964, progress is being handicapped by too much regulation and outmoded national transportation policies that seriously jeopardize the industry's rate of rejuvenation.

He said the railroads can look for profits of $650 million, up from $571 million last year and $382 million in 1961. He also said there is a prospective 14 per cent profit gain over last year on a 2 per cent increase in revenue. This he said is evidence of industry rejuvenation.

HOPE FOR TAX CUT

Saunders said restrictive employe work rules, government rate making curbs and the slow pace of proposed railroad mergers are handicaps to rejuvenation.

Unless removed, he said, they threaten frustration of the inherent efficiencies of rail transport and thereby a blunting of the forward thrust of the economy.

Saunders foresaw a further rise in railroad capital spending in 1964.

He also said that the brightest spot in the 1964 outlook is the prospect of a federal tax reduction.

James MARLOW Reports

By The Associated Press

WASHINGTON (AP) — President Johnson will never see the likes of it again. It probably will last through Christmas, but not much longer

The Republicans are muted. Premier Khrushchev is as quiet as a doll, and Fidel Castro must be playing a mandolin, he's so quiet.

This isn't the first time a man in Johnson's spot — suddenly thrust into the White House on a president's death — was given a period of grace

HAPPENED FOR TRUMAN

It happened when Vice President Harry S. Truman took over in 1945, after President Franklin D. Roosevelt's death.

The tasks confronting Johnson since he became president are just a mild daily routine compared with what faced Truman.

He had to end a war in Europe (Johnson's main problem now is with the budget) and another in Asia, help get the United Nations started, decide to drop atomic bombs on Japan, reconvert the country to peace, hold down living costs and settle strikes.

DIDN'T LAST LONG

For some months after he moved into the White House Truman practically had a honeymoon with the Republicans in Congress. That was in 1945. The honeymoon didn't last long . . . the next year was a congressional election year.

The Republicans made their attacks on Truman so convincing that in the 1946 elections the voters gave them control of Congress. From then on few presidents ever had so much raucous trouble with Congress as Truman.

Johnson a shrewd manipulator, may do better But it's not a good bet

Right now the congressional Republicans are laying off him. The Republican would be presidential candidates have declared a moratorium on speechmaking until after Jan. 1.

WILL REVIVE

But then they'll come back, re-charged by their rest, and able to make more noise than ever, particularly since Johnson, like Truman, has to encounter an election year, this time a presidential election, with himself no doubt a candidate.

But Johnson, deliberately or not, has followed the Truman pattern in a general way up to this point.

Truman lost no time, after becoming president, in addressing a joint session of Congress to say he would continue Roosevelt's policies. Johnson did the same, to express his support for the late President Kennedy's programs.

OTHER SIMILARITIES

Truman asked the Roosevelt Cabinet to stay, although there were changes later Johnson has asked the Kennedy Cabinet to stay.

Truman paid the House of Representatives a surprise visit 19 days after taking office, and had lunch there. Twice within the 19 days since he took office Johnson has visited the House, and had lunch there.

Truman early favored a tax-aid program. Right from the start Johnson favored Kennedy's tax-cut program.

NORMALCY TO RETURN

Within six months after Truman became president the Republicans began opening up on him. They seem to be getting restless already about their moratorium on Johnson.

Rep. Fred Schwengel Spurs New Data Book On Capitol

By STANLEY MEISLER

WASHINGTON (AP) — Fred Schwengel, tall, rugged and 56, heaved a manhole cover to the side and started to climb down a hole in the ground behind the U.S. Capitol.

"This will make some story," he said with a laugh. "A congressman going down a manhole."

As he started to descend, a little boy spotted him and called out from afar: "Hey, Mr Schwengel, is it Groundhog Day?"

It wasn't Groundhog Day.

It was a normal exploration—in pursuit of a hobby—in the life of Fred Schwengel, a Republican congressman from Iowa, a man who surely knows more about the byways and history of the Capital than any other man who works there.

CAPITOL BOOK

Schwengel's knowledge and enthusiasm about the capitol have come to public notice in the last week with the publication of "We The People." It is a lavishly illustrated history of the Capitol, produced by the National Geographic Society and sponsored by Schwengel's U.S. Capitol Historical Society.

On the day he descended into the manhole, Schwengel, flush with the news that the book was a best seller, was taking a group of newsmen, their wives and children on a tour of those recesses of the Capitol hardly anyone but Schwengel ever sees.

BEHIND-SCENE TOUR

The tour could be compared only with storied and movieland tours of the sewers of Paris, of the hidden corridors in the Phantom's Opera, of the subways of New York, of the secret passageways of a medieval castle.

Before the tour, Schwengel talked a bit about his early interest in history.

"When I came to Washington as a congressman in 1955," he said, "my interest quickened. I was in the capital of the world. There was so much history around me I became so interested that I gave up golf to have more time for reading and exploring."

NEW BOOK NEEDED

But, he continued, he soon found out that there wasn't a good one-volume book written on the Capitol.

"I had been using one written in the 19th century," he said. "That was my bible on the Capitol. In that book, the author says there are 13 columns on top of the Capitol dome holding up the statue of Freedom there, one column for each of the 13 original colonies. I always thought that was a beautiful idea.

"Then one day I climbed up and counted them. There are only 12 columns. I decided a new book was needed."

Schwengel and others organized the U.S. Capitol Historical Society in October 1962, and the history, "We The People," published last week, is the society's first production. The book sells for $1 in the Capitol rotunda.

COLLEGE AID BILL IS SENT TO PRESIDENT

By JOE HALL
Associated Press Staff Writer

WASHINGTON (AP) — The Senate has sent to President Johnson the $1.2-billion college construction aid bill — hailed by its supporters as the most important measure of its kind in a century.

Democratic leaders said jubilantly after the 54-27 vote that they looked to education as the brightest feature on the record of the 1963 session of Congress.

They said the college measure would be followed, perhaps late this week, by a $1.56-billion vocational education bill on which Senate-House conferees reached final agreement Tuesday.

ELIGIBLES FOR AID

And they pointed to the $231-million medical education bill, carrying funds to build new medical and dental schools and to make loans to students in these fields, signed Sept. 24 by the late President Kennedy.

Under the college bill, the nation's 2,100 private and public colleges would be eligible for aid to help in building classrooms, laboratories and libraries.

However, priority would go to those making plans to expand their facilities sharply to help meet the doubling of enrollments, expected to reach 7 million by 1970.

The three-year measure authorizes annually $180 million in grants to four-year colleges, $120 million in loans for the same institutions, $50 million in grants for public junior colleges, and $25 million the first year plus $60 million each the second and third for grants to graduate schools. The programs would be on a matching basis.

LIMITS PLACED

The grants would be limited to buildings to be used for instruction of research in the natural and physical sciences, engineering, mathematics and modern foreign languages, and for libraries.

These restrictions were written in because many legislators felt that across-the-board grants were unconstitutional under the First Amendment to the Constitution prohibiting Congress from making any law respecting an establishment of religion.

Supporting the college aid bill were 37 Democrats and 17 Republicans, while 17 Democrats and 10 Republicans voted no.

John Carpenter captained the Dartmouth soccer team this season. He also captains the Big Green hockey team.

Connally Returns To Dallas Hospital

AUSTIN, Tex. (AP)—Gov. John B. Connally, who was wounded by the sniper who killed President Kennedy, is back in a hospital for treatment of an inflamed right leg.

His doctor said the trouble is not considered serious.

The inflammation is in a vein of the right calf where a tube was inserted for intravenous feeding at a Dallas hospital.

Doctors sent him to St. David's Hospital here Tuesday.

HOLD HOSTAGES IN TINY ROOM AT MINE OFFICE

Editor's Note — Associated Press staff writer Jorge Canelas has visited the four Americans and 11 others held hostage by Communist led tin miners at Catavi, Boliva

By JORGE CANELAS

ORURO Bolivia (AP) — The four Americans and 11 other hostages held by rebellious Bolivian tin miners are crammed each night into one room 18 by 12 feet and sleep on the floor without mattresses.

They all appear in good health but seem understandably concerned and annoyed at their unexpected imprisonment, now in its fifth day.

The hostages were interviewed by newsmen at nearby Catavi Tuesday for the first time since they were taken prisoner Friday in retaliation for the government's arrest of two Communist labor leaders, Irineo Pimentel and Federico Escobar.

NEWSMEN GUARDED

Under a close guard, the newsmen were led into two small rooms at the headquarters of the mine union and met the hostages, who also include a West German, a Dutchman and nine Bolivian technicians.

Thomas Martin, 27 of New York, a U.S. Information service officer, said he and the other Americans were arrested after a dinner Friday night at the home of Cornelius Bloot, a Dutch mine manager.

"We just want to be set free," said Michael A. Krustula of Cadillac, Mich., information chief for the Alliance for Progress in Bolivia.

HOSTAGES WILL

Robert Fergerstrom of Honolulu, a Peace Corps volunteer, said all the hostages were well. Bernard Rifkin 52, of Montclair, N.J., a U.S labor officer, is the fourth American.

Newsmen asked Bolivian Vice President Juan Lechin the miners' leader why the hostages were not being kept at the mine's comfortable guest house. He replied union headquarters provided better security.

Lechin gave no indication when the hostages might be released.

The Mysterious "Christmas Tree"

In Glastonbury, Somerset, England, stands a tree called the Holy Thorn which is believed to have bloomed without fail on Christmas Day for over a thousand years.

The famous legend of the Thorn Tree says: Two days before Christmas, sixty-three years after the birth of Christ, St. Joseph of Arimathea, who had with him the Holy Grail, paused to rest on a hill outside of Glastonbury. He drove his staff into the ground. It took root and the next day, Christmas Eve, it had grown into a flowering thorn tree.

POPE MAY MEET GREEK LEADER

VATICAN CITY (AP) A Vatican official said today Pope Paul VI has indicated a willingness to meet Patriarch Athenagoras I, spiritual leader of world Orthodoxy, during the Roman Catholic leader's trip to the Holy Land Jan. 4-6.

The official said the Pope informed Athenagoras about the purpose of his Holy Land trip and in doing so indicated a willingness to meet the patriarch in Palestine if Athenagoras decides to go there.

In announcing his unprecedented trip a week ago, Pope Paul said he hoped it would serve the cause of Christian unity.

Athenagoras spiritual leader of 150 million Orthodox Christians, proposed last Friday that a Christian summit meeting be held in the Holy Land during the Pope's visit there.

The official said the Pope made no mention in his letter of Athagoras' proposal for a conference of Christian leaders.

No Roman Catholic pontiff and Orthodox patriarch have met since the East-West schism of 1054.

Juveniles Told To Attend Church

ONEONTA, Ala. (AP) — Two juveniles who admitted desecrating a church have been ordered to attend school and church regularly or go to a correctional insitution.

The boys' parents were required to furnish labor repairs of the church, which suffered $5,000 damages in the Nov. 19 incident.

Juvenile Judge R. G. Kelton sentenced the pair to Alabama Boys Indistrial School until they are 21, but suspended the sentence Tuesday provided the boys meet the other conditions.

Idlewild Renamed For Late President

NEW YORK (AP)—City council has voted to rename Idlewild Airport in memory of the late President Kennedy.

The airport measure was approved unanimously Tuesday. Mayor Robert F. Wagner's signature is assured. Idlewild wold be known henceforth as the John F. Kennedy International Airport.

AID OSWALD FAMILY

YORK, Pa. (AP)—Students at West York Area High School have collected approximately $1,500 for the family of Lee Oswald, accused assassin of President Kennedy. James Jordy, advisor to the school Student Council, said he is going to explore the possibility of establishing a trust fund to administer the money.

ELOCUTION LESSON

RAYTOWN, Mo. (AP) — An elocution teacher wouldn't have had much trouble with reading the sanitation ordinance before night, but City Clerk Ray Heavenhill did.

It says: "Shucked shellfish shall be kept until used in the container in which they came from the shucking plant."

Bill Of Rights

The following address on the "Bill of Rights" was delivered by Atty. Eugene R. Hartman (esteemed leading knight) at an "Americanism Night" of the Gettysburg lodge of Elks Monday evening:

"These Bill of Rights are provided in the first 10 amendments to the Constitution of the United States, effective December 15, 1791.

Since the Elks is an American Fraternity, and since the American Flag is the symbol of the station of the Esteemed Leading Knight, and since the Pledge of Allegiance is part of our ritual, the Grand Exalted Ruler felt that during Americanism Week all members of the Elks should have reviewed for them their rights and privileges as set forth in this Bill of Rights, and that is the purpose of my address this evening.

These rights are not absolute rights, and since we are a nation of law rather than men, these rights and privileges are granted to us only to the extent that they do not interfere with the law of the land, and further, we must keep in mind that with rights and privileges we also have responsibilities as American citizens.

PREAMBLE

The conventions of a number of the states having, at the time of their adopting the Constitution, expressed a desire, in order to prevent misconstruction or abuse of its powers, that further declaratory and restrictive clauses should be added: And as extending the ground of public confidence in the Government, will best insure the beneficent ends of its institution.

1. RIGHT TO FREEDOM OF RELIGION, SPEECH, PRESS, ASSEMBLY AND PETITION

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assembly, and to petition the Government for a redress of grievances.

Freedom of Religion is guaranteed no matter how small the minority, and that is what has made this country great, and even though we disagree with the theory of no Bible reading in schools, we can see the legal necessity of the same if the Church is to be separated from the State. As to Freedom of Speech, this is guaranteed, but not freedom to slander. Freedom of the Press is a great American heritage, but not freedom to libel. Freedom of Assembly gives us the right to gather together in organizations, labor unions and other bodies as long as there is no incite to riot. Freedom of Petition allows us to complain to our borough council, to our State Legislature and to our National Congress.

2. RIGHT TO KEEP AND BEAR ARMS

A well regulated Militia, being necessary to the security of a free State the right of the people to keep and bear Arms, shall not be infringed.

The National Guard is our protection in this instance and may be federalized when the need is great. Also in our personal lives for sport and recreation we may keep certain firearms under law, and when protection is necessary certain other firearms may be licensed by the County Sheriff.

3. RIGHTS ON QUARTERING OF SOLDIERS

No soldier shall, in time of peace, be quartered in any house, without the consent of the owner, nor in time of war, but in a manner to be prescribed by law.

This right is self-explanatory and has not touched our lives since the Civil War, and we hope may not touch our lives in the near future.

4. RIGHT AGAINST UNREASONABLE SEARCH AND SEIZURE

The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no warrants shall issue, but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized.

This right protects our privacy and demands good probale cause to have that privacy invaded and only then when it is in the interest of righting a public or private wrong.

5. RIGHT TO PROTECTIONS OF PERSONS AND PROPERTY

No person shall be held to answer for a capital, or otherwise infamous crime, unless on a presentment or indictment of a grand jury, except in cases arising in the land or naval forces, or in the militia, when in actual service, in time of war or public danger; nor shall any person be subject for the same offense to be twice put in jeopardy of life or limb; nor shall be compelled in any criminal case to be a witness against himself, nor be deprived of life, liberty, or property, without due process of law; nor shall private property be taken for public use, without just compensation.

Amendment No. 5 is probably the one most publicized and most used by individuals next to No. 1. It is under this amendment where a person accused of crime is not subject to be a witness against himself, and in many trials, congressional investigations and other serious matters said accused often claims the Fifth Amendment. Also the protection against double jeopardy is set forth in this bill where a man cannot be tried twice for the same crime. Also in this is the due process clause and the protection thereunder, together with providing just compensation for eminent domain cases when the government takes your private property.

6. RIGHTS OF PERSONS ACCUSED OF CRIME

In all criminal prosecutions, the accused shall enjoy the right to a speedy and public trial, by an impartial jury of the State and district wherein the crime shall have been committed, which districts shall have been previously ascertained by law, and to be informed of the nature and cause of the accusation; to be confronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor, and to have the assistance of counsel for his defense.

Here an accused is assured of a speedy trial and also assured of an attorney.

A lot of people have criticized the courts for allowing attorneys to be present and represent Communist defendants, and a lot of people have criticized attorneys who defended the Communist, but under a government such as ours there can be no exceptions, and if our individual freedom is to remain we must follow this bill of rights to the letter.

7. RIGHT OF TRIAL BY JURY

In suits at common law, where the value in controversy shall exceed $20, the right of trial by jury shall be preserved, and no fact tried by a jury shall be otherwise re-examined in any court of the United States, than according to the rules of the common law.

Here we are entitled to a trial by a jury in civil matters, such as damage claims, personal injury claims, contract claims, money owed, and all the matters that affect the business of our lives are to be decided by a jury of 12 disinterested people of our district.

8. RIGHT TO PROTECTION AGAINST EXCESSIVE FINES, BAIL, PUNISHMENT

Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishment inflicted.

Under No. 8 we are protected against the tyranny of a despot, and all our laws must be written where the fines, bail and punishment are in direct relation to the seriousness of the cause being tried.

9. RIGHTS NOT ENUMERATED RETAINED BY THE PEOPLE

The enumeration in the Constitution of certain rights, shall not be construed to deny or disparage others retained by the people.

Number 9 retains all rights for the people even though they are not listed in the Constitution.

10. RIGHTS RESERVED TO THE STATES AND THE PEOPLE

The powers not delegated to the United States by the Constitution, nor prohibited by it to the states, are reserved to the states respectively, or to the people.

Number 10 reserves unto the states and to the people all powers not delegated to the United States, and this is the amendment state's rights folks heavily rely on and is much discussed when a question of whether the state or the federal government shall be in charge of certain areas.

Gentlemen, these are your Bill of Rights. These are your birth rights by being born in and being a citizen of these United States of America. Treasure them, use them and honor them."

Democrats Join Republicans, Okay Scranton Appointees

HARRISBURG (AP)—Senate Democrats lifted their roadblock on executive nominations Tuesday, clearing the way for 126 confirmations.

Senate officials said 350 more appointments made by Gov. Scranton are still pending.

Gubernatorial appointments require a two-thirds vote in the Senate. With Republicans holding a 27-23 majority, at least seven Democrats were needed for confirmation. The votes Tuesday were 50-0.

Included among the appointments approved were John J. Vaughan, a former professional football player with the Pitts-Steelers, and Franklin B. Wildman of Paoli, to the Pennsylvania state athletic commission.

Indonesia Cannot Get Foreign Aid

JAKARTA, Indonesia (AP) — Foreign Minister Subandrio declared today Indonesia cannot expect foreign aid for its economic stabilization program. He indicated stabilization measures adopted in May would be reviewed.

But the minister vowed that economic warfare against the neighboring Federation of Malaysia would continue as part of the Indonesian effort to wreck the young nation.

Miss Reis Goes To Court With Appeal

PHILADELPHIA (AP) — Lillian Reis wants the state Supreme Court to throw out some evidence at her forthcoming second trial on charges stemming from the 1959 burglary at the Pottsville home of John Rich.

Miss Reis asked the supreme court Tuesday to reverse the superior court's refusal to suppress alleged evidence of her "tacit admission" to the truth of alleged statements by accused co-conspirators in the burglary.

KEY PLAYERS OUT

PHILADELPHIA (AP)— Two key players of the Philadelphia Eagles will miss Sunday's National Football League game with the Minnesota Vikings because of injuries. Defensive tackle Riley Gunnels is out after undergoing a shoulder operation. Center Jim Schrader has a broken bone in his right hand.

Special Thermo-Ply insulation cannot absorb moisture, seals out cold, seals in warmth. Full length cushion insole and felt mid-sole for walking comfort. Spring steel shank adds support, protection. Popular 12 inch height. Rugged, ground-gripping sole and heel.

FROSTIME
The true boot fancier will love this high, wide and handsome boot style! Deep, wide cuff turns all the way up for maximum warmth and highest fashion. Velaire stays soft to the touch in coldest weather and keeps winter wetness out.

GENEVA
Sleek fur cuff and soft fleece lining keep your feet snug and warm in coldest weather. Handy slide fastener for easy on and off.

TOURRAINE
Sleek and trimly tapered to flatter while it protects. No bulky look here. No bulky feel either, because top-to-toe Thermo-Lite insulation weighs just ounces. So practical too! Suds clean inside and out — dries almost instantly.

GREEN BAY
All of the protection of rubber — with none of the look! The secret is Miravel, and you'll love it! Nylon fleece lining of course, and a practical slide fastener for easy on and off.

Lightweight comfort in this warm, fleece-lined boot. Handy slide fastener. Plenty of room for trouser legs. Snap tab at top adds to neat appearance, helps hold trouser legs in place.

$72 Million Appropriations Get Final Senate Approval

By DAVE LEHERR
Associated Press Staff Writer

HARRISBURG (AP) — The Senate, meeting in the early hours of the morning, stamped unanimous approval Wednesday on some $72 million in nonpreferred appropriations and sent them to the House.

House Democratic leaders said Tuesday night they would urge their colleagues to support the measures, which require a two-thirds majority.

It was House Democrats who blocked passage of the same appropriation bills twice last summer during the regular session of the legislature, forcing Gov. Scranton to call the special session.

LITTLE SENATE DEBATE

The House will take the bills under consideration today at 4 p.m. Legislative leaders hope to complete action by Saturday.

The money is earmarked for state-aided colleges, universities, hospitals, museums and other institutions.

Little debate preceded the Senate's postmidnight vote. Democrats attempted to offer four amendments boosting hospital appropriations, but the proposals were defeated by voice vote on party lines.

SCRANTON ASSAILED

The bills include $15.1 million for 191 hospitals to aid in caring for indigent patients and $25,090,000 for Pennsylvania State University.

Senate Minority Leader Charles R. Weiner, D-Philadelphia, criticized Gov. Scranton for waiting until December to call the special session on appropriations when the regular session wound up Aug. 1.

"You don't play politics with hospitals, schools or health," he said.

COUNTERCHARGE

However, Majority Leader James S. Berger, R-Potter, countered that it was Democrats, not Republicans, in the House who held up the bills in the first place.

The Senate adjourned until 10 a.m. Saturday when it will consider any amendments the House might offer.

House Minority Leader Anthony J. Petrosky, D-Westmoreland, said he would recommend approval of the bills at a Democratic caucus Thursday.

"We recognize that each and every one of the members of our caucus is concerned with the welfare of our hospitals, clinics, libraries and institutions of higher learning," Petrosky said. "Our members point with pride to their record in the area of welfare, research and education and call attention to their continual support of all humane legislation."

Relight Flame At Kennedy Grave

WASHINGTON (AP)—The eternal flame over the grave of President John F. Kennedy was relighted a few minutes after it was accidentally extinguished Tuesday by holy water sprinkled on the grave by a group of school children.

John C. Metzler, superintendent of Arlington National Cemetery, said the children were taking turns sprinkling the grave when "the cap came off the bottle and a stream of water hit the flame directly, extinguishing it."

Floyd S. Wilson Harvard basketball coach since 1954, played the game at Springfield College.

CONVICT FOUR IN TAX FRAUD CONSPIRACY

PITTSBURGH (AP)—A U. S. District Court jury has convicted four New Kensington area men on charges of conspiracy to defraud the government of income taxes.

The jury of seven women and five men returned the verdict Tuesday against Sam Mannarino, Willie Sams, Raymond Calcagno and Anthony Wardoclip after some 11 hours deliberations.

Mannarino and Sams, partners in a New Kensington pinball machine distributing company, also had been charged with filing false partnership and personal income tax returns.

FACE FINE, JAIL

But the jury said it was hopelessly deadlocked on eight counts of the charge.

The four men were convicted of conspiring to hide some profit from the Nu Ken Novelty Co. in 1957 and 1958. They face a fine of $10,000 or five years imprisonment, or both.

However, defense counsel has asked for acquittal of the four men. Judge Herbert Sorg, who has the power to dismiss the jury's guilty verdict, said he would rule on the motion after hearing arguments at a later date.

Meanwhile, U. S. Atty. Gustav Diamond said he did not believe the government would retry Mannarino and Sams on charges of filing false income tax returns.

People In The News

By THE ASSOCIATED PRESS

EDWARDS AIR FORCE BASE, Calif. (AP)—Col. Charles Yeager, commandant of the aerospace pilot school here, escaped serious injury when he was forced to parachute from an experimental NF104 jet fighter plane Tuesday.

The first man to fly faster than sound, Yeager ejected when his rocket-assisted plane went into a spin as he was coming back into the atmosphere from about 100,000 feet, an Air Force spokesman said.

Yeager suffered face burns when the oxygen in his mask ignited. The plane was destroyed.

WASHINGTON (AP)— Secretary McNamara says he has no plans to leave his Cabinet post.

Asked at a news conference Tuesday how long he hopes to remain as Pentagon chief, McNamara replied with a chuckle: "Well, I don't really think how long I hope to remain is as pertinent as how long the President will ask me to remain."

Appointed by the late President Kennedy, McNamara said he will serve as long as President Johnson "believes I can effectively carry out his policies."

NEW YORK (AP) — Mrs. Nina Khrushchev says the women of the United States and the Soviet Union should know more about each other.

The wife of the Soviet premier appeared briefly in a filmed documentary, "The Soviet Woman," televised Tuesday night by the American Broadcasting Co.

"So that we may understand one another better, we must meet more often and discuss the problems that are of mutual concern to us, and together seek the best ways to strengthen peace," she said.

Whether you are making thin, medium or thick white sauce, you'll need a quarter teaspoon of salt to each cup of milk.

JOHNSON USES FRIENDLY TALK

WASHINGTON (AP) — Still moving at a gallop, President Johnson is using praise and personal visits to try to nudge Congress along the legislative trail.

He spent most of Tuesday conferring with Senate and House leaders And before calling a day, he traveled to Capitol Hill to drop in on House Speaker John W. McCormack.

"A visit with some friends," is the way White House news secretary Pierre Salinger described the meeting — Johnson's second informal call at the Capitol since becoming president 20 days ago.

Among the friends, said Salinger, were leading congressmen from both parties.

Some of the late President John F. Kennedy's GOP critics in Congress had contended that Republicans were passed over on foreign policy decision and were called in only during a crisis.

Johnson, an administration official said, intends to keep Congress "fully informed on developments in a number of fields." and Tuesday he had leaders of both parties in for a briefing on national security.

Chop half of a small onion and add it to a one-pound can of baked beans along with one tablespoon each cider vinegar and dark brown sugar and a half teaspoon of prepared mustard. Turn into a couple of individual baking dishes and bake in a hot oven for 20 minutes or so.

NEW CURTIS PUBLISHING COMPANY PLAN

PHILADELPHIA (AP)—Curtis Publishing Co. stockholders with an eye toward breaking three straight years of losses, have adopted a financing plan which may open the way for possible ventures into other communication media such as hard books and television.

The action came Tuesday when stockholders overwhelmingly approved a $35 million plan with six banks Principally the plan will convert $22 million of demand debt into term debt.

Matthew J Culligan, board chairman and president, told 300 stockholders that advertising revenues were growing and that the company expects to cut its losses to about $3.3 million this year compared to an $18.9 million loss in 1962. He said Curtis had a profit of $1.5 million in October and would have a net of $1.3 million for the final quarter this year

"PROFIT OF NEXT YEAR"

Serge Semenenko, vice chairman of the First National Bank of Boston who assembled the credit for Curtis, told stockholders "Curtis will be profitable next year."

He said Culligan, who took over at Curtis 15 months ago, "will do one of the greatest jobs in rebuilding a company in the history of business."

Semenko predicted Curtis would branch out to hard book publishing and into ownership of television stations

MORE WORKING CAPITAL

The vote approving the financing by the six banks was 3,300,850 to 25,624 The banks involved, beside Semenenko's, are First Pennsylvania Banking and Trust Co. and the Philadelphia National Bank, both of Philadelphia, Franklin National Bank of New York; Bank of the Southwest of Houston and Union Bank of Los Angeles.

Beside converting Curtis' debt to term debt, the plan calls for extension of the maturity of $8.5 million of debt of New York & Pennsylvania Co., a Curtis subsidiary. The plan will also add $4.5 million to working capital.

AP SPORTLIGHT

By BOB MYERS
Associated Press Sports Writer

HOLLYWOOD, Calif. (AP) — Tom Harmon has been widely known for more than 20 years, first as an All-America football player and then as a radio and television sportscaster.

Now he is Tom Harmon Enterprises, Inc.

"Harmon of Michigan," which was all you had to say to identify him in the years 1939-40-41, has reached another level of renown.

ONE OF FIRST

Next thing we know they'll be selling stock in "Old 98."

Ninety-eight — that was his jersey number and he wasn't at all old—earned All-America, the Heisman and Maxwell trophies and all-Big Ten Conference honors as one of the most exciting ball carriers in football.

Harmon was one of the first name athletes to carve out a successful career in sports broadcasting.

NATIONWIDE NOW

He began his airways career on a sort of frat house-to-house hookup on the campus when he was in school at Michigan.

Today Harmon is nation-wide and comes in a package deal—a tidy little package with a $1 million price tag.

Today Harmon is nationwide and comes in a package deal—a tidy little package with a $1-million price tag

He conceived the package, hired his own crew, acquired his own equipment went out and got his own sponsors and sold the works to the American Broadcasting Company.

Harmon answers to but one boss, himself. Well, possibly another, his picture-pretty wife, the former Elyse Knox of the movies.

FAMED ON GRIDIRON

Tommy came from a family of most modest means in Gary, Ind. He worked his way through college. His story is wonderfully pleasant.

Harmon's feats on the gridiron were fascinating.

Against a powerful Iowa team on 1939, Michigan won. 28-7, and Harmon scored alll 28 points.

Against California at Berkeley in 1940 Tommy took the opening kickoff and ran it back 98 yards and scored three more touchdowns before Coach Fritz Crisler yanked him in the 41-0 rout.

ENGLISH MAJOR

Michigan lost only four games in Tommy's three years on the varsity.

Harmon, pointing for the career he adopted, majored in English and speech at Ann Arbor. In the off season he worked in a steel rolling mill in Gary.

"The university got me the job—and that was all the university did for me," Tom declares, scorning rumors of fabulous enrichments tendered the school's star players.

SERVED IN WAR

Harmon's first real broadcasting job was in Detroit. Then came World War II.

Tom enlisted won his wings and spent five years in the Air Corps in the North Africa and China campaigns.

Harmon emerged from service a captain and winner of the Purple Heart and Silver Star decorations—honors you have to learn from friends, not Harmon.

After two years with the Los Angeles Rams football team, Tommy launched his broadcasting career.

In 13 seasons of coaching Harvard's hockey team, Ralph (Cooney) Weiland's charges have won 200 games, lost 92 and tied 14.

INDICT 8 IN CONSPIRACY

PHILADELPHIA (AP) — A Federal grand jury has indicted eight men including three former employes of the Philadelphia Inquirer on charges of conspiracy to use leased teletype news services to promote gambling.

F. A. Frohbose, head of the FBI's Philadelphia office, said an official of the Inquirer reported in May 1962 that three employes of the sports department were selling race results received as news from the Associated Press and United Press International news services.

The former employes charged with conspiracy are Richard R. Nicolai, 31, Neal F. Page, 25, and Irvin Greenberg, 24, all of Philadelphia.

Walter J. Toal, 32, James Norman, 64, and James Maletteri were charged with receiving race results by telephone in violation of federal antigambling laws.

Robert Smith, 31, and Tim Matteo, 44, were charged with aiding and abetting the conspiracy.

The United States baking industry employs 299,000 persons with a yearly payroll of $1.3 billion.

Seneca Indians' Bill Is Delayed

WASHINGTON (AP) — Possible action on a bill to help the Seneca Indians adjust to construction of the Kinzua, Pa., dam and reservoir has been postponed until Friday.

Rep. James A Haley, D-Fla., chairman of a House interior subcommittee said Tuesday roll call votes in the House interrupted efforts to complete work on the bill.

The subcommittee heard testimony of appraisers who discussed the value of the Seneca land in New York State that will be flooded by the project. Haley said because estimates of appraisers vary, their testimony should not be made public because it might prejudice possible future litigation over land values.

The total payment including rehabilitation fund and payment of direct and indirect damages to the Senecas could reach $20 million.

DIES OF INJURIES

HARRISBURG (AP)—George E. Hummel, 47, of Selinsgrove R. 2, died Tuesday about eight hours after a freak two-truck accident on Route 11-15 near Liverpool, Perry County.

State police said Hummel was driver of a truck that crashed into another which had drifted from a parking lot onto the highway. The driver of the runaway truck was eating at a restaurant at the time of the mishap.

Gets Ten Years For Fatal Beating

PHILADELPHIA (AP)—A 21 year-old man was convicted of second degree murder and sentenced to 10 to 20 years in prison Tuesday for the fatal beating of another man in a tavern.

Judge Byron A. Milner imposed the sentence on James D Barboza who pleaded guilty generally in the fatal beating of James Daniels, 28, during an argument.

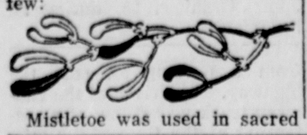
FLOWERS AND PLANTS OF CHRISTMAS

Some of the world's loveliest legends are those that have grown up around flowers, plants, trees and greenery used at Christmas. Here are just a few:



Mistletoe was used in sacred rites long before Christianity arose, but it was the British Victorians who introduced the custom of kissing under the mistletoe at Christmas.

They probably got the idea from an old Scandinavian myth that tells about Loki, god of evil, killing Balder, god of spring, with a mistletoe arrow. However, Balder's life was restored and in thanks, his mother, Frigga, decreed that mistletoe would never again be used as a weapon and that she would kiss anyone who passed beneath it.

It is believed that during a pause in the flight into Egypt, the Virgin Mother placed the garments of her tiny son on the branches of a rosemary plant and the plant's blossoms changed from white to lavender so they might bear the hue of Mary's cloak.

One of the loveliest stories about the poinsettia concerns a poor young girl who wished to give a gift to the Virgin Mary, but she had nothing of value. In desperation, she picked some weeds to give as a gesture of love. As she presented them, they were suddenly transfigured into huge scarlet blooms.

Poinsettias were brought to America from Mexico by Dr. Joel R. Poinsett.

The burning of the Yule log began in England before the Christian era. It was believed that at the end of every year the sun stood still for twelve days. So a huge log was burned

during that period, to burn away the evil of the past.

Because the pagan Yule and our Christmas came at about the same time of the year, the tradition of burning the log was continued.

Holly has been used as a religious symbol since ancient times, thus there are many legends about it. One tells how the holly berries entwined in the Crown of Thorns turned from white to red after the Crucifixion.

It's thought that a bay tree will never be struck by lightning because it once sheltered the Holy family during a storm.

GIFTS of the MAGI

The frankincense and myrrh brought by the Wise Men were as valuable in that day as the gift of gold.

These fragrant resins were so highly treasured by both the Egyptians and Jews that precious pots and vases of ivory and alabaster were designed especially to preserve them.

Frankincense was used mainly as a curative, for a number of ailments including hemlock poisoning and leprosy.

Myrrh was the main ingredient of the anointing oil of kings and queens. It was also used as a stimulant, sedative, tonic and astringent.

Myrrh was the gum resin taken from a small tree that grows in East Africa and Arabia.

Frankincense comes from a tree of the Boswellia family native of the same areas.

It took many months to harvest these resins and carry them as far as Palestine. They were indeed rare gifts!

Santa and the Haunted House

By LUCRECE BEALE

Synopsis: The children escaped from the Haunted House and decided they must go to Santa Land and warn Santa about Nog's cake.

CHAPTER NINE
A TRIP ON ICE SKATES

Jeremy, Sissy and Miss Jo bundled up in their warmest clothes They hung their skates over their shoulders and started out for Santa Land.

The only thing Jeremy knew was that Santa Land was in the North and there was a river flowing through the Kingdom of Poo and it flowed from the North. The river was frozen over and Jeremy was sure they could skate all the way to Santa Land.

"Do you think you can do it?" he asked Miss Jo.

"Oh yes," she declared. "I can skate around the whole world."

A moment later this didn't seem too likely because as soon as Miss Jo had fastened on her skates and scuttled onto the river she went plunk! flat on her back.

"I'll help her," said Sissy. She helped Miss Jo up and held her hand. Miss Jo's feet shot out from under and plunk! both she and Sissy were down.

Jeremy's brow furrowed. How would they ever get there? But Miss Jo jumped up and smiled joyfully. "I just remembered. I can't skate forwards but I can backwards!" She turned around and pushed with one foot and then the other and glided smoothly up the frozen river.

Jeremy sighed with relief. He sped after Miss Jo and Sissy followed. For hours and hours they skated but it seemed they hadn't even gotten out of the Kingdom of Poo

Jeremy's legs ached and Sissy's ankles kept turning on their sides and Miss Jo — sailing along backwards — kept tripping over bumps and ridges in the ice, crashing down so many times she was soon black and blue.

The sun rose high and then started down. Miss Jo rubbed her bruises and said, "If I fall down again I'm just going to stay there!" Sissy said, "Oh, Jeremy, won't we ever be there?"

"Soon," said Jeremy. "It's bound to be soon."

But little did he know how far it was or how many obstacles lay in their path. The first obstacle was around the next bend in the river.

Jeremy was skating ahead of Sissy and Miss Jo pushing out hard with one foot and then the other — push, glide, push, glide — anxious to see what lay around the bend. Then he was around the bend and crack! the ice split beneath him and splash! he was in the water.

A sign saying "Watch out. Thin Ice!" floated beside him.

"Jeremy! Where are you?" shouted Sissy, rounding the bend

"Stay back!" shouted Jeremy, shivering with cold and fighting to keep his head above the icy water. "Stay back!"

But it was too late. Sissy shot through the ice and landed beside him.

"Miss Jo!" screamed Jeremy frantically. "Stay away!"

But along came Miss Jo, gliding backwards without a backward look and splash! she was beside them!

Neither Sissy nor Miss Jo could swim and Jeremy couldn't swim too well even by himself. Now he held up both his sisters and kicked his legs which were weighed down with the skates.

Jeremy was skating ahead of Sissy and Miss Jo.

Whenever he could get his mouth out of the water he gasped, "Hang on. We'll make it!" and pushed toward the edge of the ice. But every time he tried to grasp the ice it broke off and the hole got bigger and bigger. Pretty soon Jeremy knew they weren't going to make it.

SKI CENTER OPENS

UNIONDALE, Pa. (AP)—The Elk Mountain ski center in Susquehanna County will open this weekend. The center announced Wednesday there has been an accumulation of 10 inches of snow on the ground and weather conditions permitting the making of additional snow.

Promotion Groups Get State Funds

HARRISBURG (AP) — Four Pennsylvania industrial promotion groups are recipients of a total $8,770 in state grants to aid in drawing industry to the state.

The funds were made available on a matching basis through the Industrial Assistance Act.

The latest recipients:

Delaware County Chamber of Commerce, $3,477; Susquehanna Economic Development Association, $3,072, for promotion work in central Pennsylvania; Westmoreland County Promotion and Development Council, $1,181; York County Industrial Development Corp., $1,040.

BOYLE'S Grab Bag

By HAL BOYLE

NEW YORK (AP)—The honesty of Tom Tryon, who may be Hollywood's next big star, is as impressive as his acting ability.

A year ago Tom, who is 6 feet 4, dark and handsome, was a good journeyman actor well-known to movie and television producers, but comparatively unknown to the public.

Then Otto Preminger picked him over 20 other candidates for one of the best roles on the movie horizon for some time.

The title role is in "The Cardinal."

FIVE MORE ROLES

After viewing some of the early scenes, Preminger signed Tryon, who looks much like Bishop Sheen and Sir Laurence Olivier, for five more films.

Tom is neither Irish nor Catholic. He is of Dutch-English descent, and as a youth in Hartford, Conn., attended a typical New England Congregational church — "You know, big, white steeple, white pillars, and hard seats."

Although fascinated by the ritual of the Catholic Church, Tryon said his experience in portraying "The Cardinal" had not made him any more religious.

STUDIED PAINTING

"I'm in no sense a convert," he said frankly. "But after President Kennedy's death — I don't usually go to church too often—I felt the need of being in one, and I went into a Catholic church, and I lit a candle for him."

"I felt at home there," he said.

Tom, who studied painting at Yale University, spent three years in the Navy. He didn't decide to become an actor until after he had tried a few walk-on parts in a summer stock company and performed such other theatrical chores as holding up television cue cards.

TV TOO IMITATIVE

After an apprenticeship on Broadway, Tom worked in about 10 films and more than a hundred television shows before Preminger, who has always had a canny eye for a promising newcomer, gave him the biggest break of his career.

"Television gives you the chance to learn to act in front of 10 million people," Tryon said. "But the trouble with it is that the industry has become too imitative. As soon as anyone comes up with a bright new idea, everyone else rushes in and tries to copy it.

"Now it is just rubberstamping sausages."

NO DISASTERS

Tom said that one of the funniest things about his recent fame came when a fan magazine writer asked him to name "all the disasters in your life, such as whether you mother ever fell down the stairs, and things like that."

When Tryon couldn't think of any, he said the writer finally asked him in desperation:

"Well, didn't you at least have acne when you were a kid?"

SALES IMPROVE

PHILADELPHIA (AP) —Charles W. Anderson, president of Ametek, Inc., said Thursday he expects his company's sales to increase by 10 per cent in 1964 with earnings of $4 a share.

In remarks prepared for a meeting of the Philadelphia Securities Association, Anderson said sales in 1963 were $61 million, up from $54 million a year ago, and net earnings may approach $3.50 a share.

WOULD ABANDON TRACK

WASHINGTON (AP) — The New York Central asked Interstate Commerce Commission approval Wednesday to abandon 13 miles of track in Tioga County, Pa., between Westfield and Elkland. Only one local freight a week now uses the track. No passenger traffic has moved on it since 1932.

CHRISTMAS INSPIRES A WORLD OF WORDS

Christmas stories, legends, myths, and the descriptions of the season's customs have filled dozens of books.

It's easy to understand how there could be such a wealth of information about Christmas when these things are considered:

The pagan winter solstice occurred about the same time as our Christmas. In their sacred rites they used many of the same symbols we use at Christmas — mistletoe, evergreens, light (we use candles; they used fire), etc. This makes the history of these symbols a long one.

Then, because Christmas customs are so different in each country, there are many traditions to be explained.

For example, Santa Claus as we know him, is inique. He's Father Christmas in England — a girl-angel in Switzerland, whose name is Krisskindl.

The way gifts are exchanged is not the same the world over — in some countries gifts are hidden and a note telling where to look may be baked in a cake!

The history and description of carols alone would fill volumes of books. The very earliest carols were sung even before Christ's birth!

Christmas foods. Think of mince pie, plum pudding, wassail bowl, eggnog, turkey, boar's head, and you have just begun!

Then there's the history of bells, the Star, decorations that go on the tree, cards, seals stockings — the significance of animals to the Holy Season — how to say "Merry Christmas" in every language — the names of "Christmas towns" — an explanation of "Advent" and the "Twelfth Night." And much, much more.

Legends which have grown up around such things as — "how the holly tree got its red berries" — "how weeds turned into poinsettias" — "why candles must be burned in windows on Christmas Eve" — etc., not only take pages to tell in one version, but there are usually several versions of each story.

But — it is these stories, legends, myths and descriptions and use of the Christmas customs which add so much richness and beauty to this season in which we celebrate that most beautiful of events: the Brith of Jesus in Bethlehem.

Corruption Probe Results In Court

PHILADELPHIA (AP) — The first court case has been scheduled as a result of the special grand jury probe of alleged corruption in city hall.

A. Joseph Hertweck, 40, a builder, and Michael Yanni, 52, a mortgage counselor, pleaded innocent Monday to charges growing out of the investigation. Their trial was set for Jan. 13.

Hertweck was charged with extortion, conspiracy and perjury, while Yanni was charged with perjury.

Three other persons also have been indicted

ARCHAEOLOGICAL DISCOVERIES

There has been a tendency in the past few years to avoid the spelling "Xmas" for "Christmas," for it is thought that to do so is irreverent. Actually, it is not.

"X" is the Greek letter symbol that is used to represent the name "Christ." This symbol has been discovered by many archaeological expeditions on the walls of early - Christian period catacombs.

A group of archaeologists recently discovered the name of Jesus carved before 70 A.D. among inscriptions on 11 early Christian burial urns found in a cave on the Bethlehem-Jerusalem road.

Today In Washington

WASHINGTON (AP) — In the news from Washington:

GOLDWATER: Senaters generally are quick with a quote. But when they go on active military duty they sometimes catch the Pentagon mood — they avoid reporters

Take Sen. Barry Goldwater, R-Ariz.

A major general in the Air Force reserve, last Friday he began 15 days of active duty in the office of the deputy chief of staff for personnel.

All that could be learned about him from that office was that he has an office to himself, a blue flag with two stars like other Air Force generals, and "during his annual 15-day tour, he grants no interviews as a matter of policy."

VA DIVIDENDS: The Veterans Administration says it will distribute $234 million in dividends between Jan. 2 and 25 to insured veterans of World Wars I and II.

Following President Johnson's announcement Sunday that the 1964 insurance dividend would be paid early to stimulate the economy, the VA announced Tuesday it expected to complete payments by Jan. 25 — six days sooner than the record set in 1963.

WHEAT: The Commerce Department has issued a license for the sale of $3 2 million worth of U.S. wheat to Communist East Germany.

In making the announcement Tuesday, the department did not give the number of bushels in the proposed shipments. Wheat sells on the world market for about $1 35 up to about $1.80 a bushel, depending on the type.

The future of the proposed wheat sale to the Soviet Union remains cloudy, mainly due to a dispute over the cost of shipping in American vessels.

SPACE FUNDS: The House passed and sent to the Senate Tuesday a compromise $13,224,518,050 appropriation bill, which includes $5.1 billion for the space agency and also finances more than a score of independent federal agencies.

The bill's total is $1.4 billion less than the late President Kennedy had requested, $222 million more than the House originally voted and about $75 million less than the Senate originally agreed to.

CONGRESSIONAL RECESS: Congress will take a Christmas recess from about Dec. 20 to Jan. 7, Republican Senate Leader Everett M Dirksen said Tuesday.

Bob Pickett, former Eastern Intercollegiate 175-pound wrestling champion, is in his 14th season coaching Harvard's matmen.

The Season Comes Early; Stays Late

Christmas comes but once a year — but for some people the holiday season lasts a month or even more!

The ecclesiastical Christmas season is a long one, starting four weeks before the December 25 Christmas and not ending until, at least, 12 days after. It begins with the first of the four Sundays which next precede Christmas. That is Advent. It ends, usually, with Epiphany on January 6.

During this long period, there are a number of festival days in addition to Christmas Eve and Christmas Day.

For example, in many European countries December 6, the feast day of St. Nicholas of Bari, the original Father Christmas, is the big day of the season.

During the Middle Ages, Holy Innocents' Day, December 28, was an important day for children.

THE TWELFTH DAY

Epiphany, which marks the end of the Twelve Days of Christmas, falls on January 6 and is the feast of the Manifestation of Christ to the Gentiles.

Two important days which are in connection with the season remain after Epiphany. One is Plow Monday which immediately follows Epiphany. The other is Candlemas.

Candlemas Day, in memory of the Purification of the Blessed Virgin, doesn't come until February 2. So for some people, the Christmas season can be nearly two months long!

When you are using frosting for both filling and covering a layer cake, you can add fruit or nuts (or both) to the portion to be used for sandwiching the layers together. This trick adds interest!

Religious Sect Is Called Anti-Red

MOSCOW (AP) — The Soviet government is cracking down on a religious sect with copters in southern Russia, central Asia and Siberia, claiming it is an underground, anti-Communist organization.

A report in a central Asian newspaper indicated Soviet security authorities were seriously concerned with the extent of the sect's operation.

The sect is known as the "True Orthodox Christian Wanderers." Its total membership was not given.

TraditionalChristmasPlans May Be Used In Schools

By VINCENT P. CAROCCI

HARRISBURG (AP) — Many Pennsylvania educators and legal officials see no reason for public schools to disassociate religion from their traditional Christmas observances.

Officials of the U.S. Supreme Court indicated as much when questioned by a Williamsport sixth grader on how the court's ruling on required Bible reading affected the annual Christmas programs.

The question, simply put, is this Does the court decision outlawing required Bible reading in the public school system mean that religious carols or pageants at Christmas also are improper?

COURT REPLIED

Ten-year-old Carolyn Binderup of Williamsport posed the question to the court.

She received a reply from court clerk John F. Davis and E. P. Cullinan, chief deputy, which said

"... You are advised that there has been no opinion of this court covering the singing of Christmas carols in school."

FLOOD OF INQUIRIES

The Department of Public Instruction has been flooded with queries on the same subject. Plans call for Superintendent Charles H. Boehm to issue a generally worded directive as a guide for the local districts.

Legal authorities here acknowledge that there isn't much Boehm can say "to cover all situations such as religious carols, manger scenes, nativity pageants, etc.

They say the question is "elusive." As one put it "so much depends on intent."

The intent of a Christmas program best can be judged by the local officials, authorities here generally agree.

NOT LIKE DEVOTIONS

Typical of the local sentiment is this comment from Dr. Paul J. Fink, Allentown school superintendent

"The programs as we put them on are not religious oriented. They are seasonal in character. The Supreme Court issued an opinion about the opening morning exercise. We are obeying the dictate of the law."

From Bethlehem, which by its very name has a special link to the Christmas season, came comment from high school Principal Charles A. Klein and school curriculum supervisor John S. Sandel.

EMPHATIC STANDS

Sandel said succinctly that Bethlehem "is closely identified with Christmas and you can't separate Christmas from history."

Klein was just as emphatic. "I can see no reason to deviate from our established pattern," he said in reasoning that the Bible reading decision did not affect Christmas observances.

Edward Tracy, Easton area school district superintendent, said programs in his domain would go on as scheduled.

"EDUCATIONAL ONLY"

"As long as they are made educational and do not serve as a religious service, it is okay. Our programs will be of an educational nature."

The legal experts tend to accept this criterion for determining the propriety of a religious theme in a Christmas program.

They note that the Supreme Court, in its controversial decision, asked: "What are the purpose and the primary effect of the enactment?"

The court adds:

"If either is the advancement or inhibition of religion, then the enactment exceeds the scope of legal power as circumscribed by the constitution."

Few people will disagree that Christmas is, above all, a religious holiday. Therefore, it is virtually impossible to celebrate the former without acknowledging the latter.

LEGALISTIC CAUTION

The general belief prevalent in Harrisburg is that a carol such as "Silent Night" or a pageant portraying the nativity are legal elements of a public school Christmas program.

But, legal minds caution, they must be presented not as religious acts, but as mere reflections of established "community customs" during a religious season.

There is a fine distinction between the two and, if pressed, the courts ultimately will have to make that distinction.

Until then, it apparently will be left to the local school districts.

SATURN I PLAN ON SCHEDULE DESPITE GINNY

By HOWARD BENEDICT
AP Aerospace Writer

CAPE KENNEDY, Fla. (AP) — Hurricane Ginny cost us two days. Then we lost another week because of the hydrogen explosion on Nov 26. Otherwise, Saturn 1 is on the launching schedule laid out in August."

Army Lt. Col. Rocco A. Petrone was outlining months of painstaking preparation leading to the launching of what officials believe to be the world's most powerful rocket.

Barring further trouble, the 16-story-tall Saturn 1 will rumble skyward next Wednesday in the first attempt to ignite its high - energy liquid hydrogen second stage. Four earlier launchings of the kerosene-driven first stage were successful.

TEST FLIGHT

Petrone, assistant director for plans and project management at the space agency's launch operations center, emphasized the upcoming flight will be strictly a research and development test. But as a bonus, he said, Saturn 1 will attempt to orbit the world's heaviest satellite — 83 feet long and weighing 19 tons, including 5½ tons of sand for ballast.

When the Saturn 1 — forerunner of the Saturn 5 man-to-the-moon rocket — blasts off, the first stage will generate its full 1.5 million pounds of thrust for the first time. The second stage will produce 90,000 pounds delivered by liquid hydrogen — quite a kick when ignited in the vacuum of space

FIND MAN'S BODY

DUNCANNON, Pa. (AP) — Robert B. Smith, 42, Camp Hill, was found shot to death Wednesday in his parked car on Route 11-15 north of Amity Hall, Duncannon state police reported.

They said they are looking for an unidentified man in an attempt to learn the exact circumstances surrounding the death.

Malaysia Charges Armed Aggression

KUALA LUMPUR, Malaysia (AP) — Tunku Abdul Rahman, Malaysia's prime minister, accused the Indonesian government Wednesday of committing armed aggression against his new Southeast Asian nation.

He told Parliament his government has "irrefutable" proof that Indonesian army forces have been among terrorists who have made 48 armed incursions into the Malaysian states of Sabah (North Borneo) and Sarawak.

IN YOUTH PROGRAM

WASHINGTON (AP) — Christopher Keys of Warren, Pa., and Milly McNeil of Brookville, Pa., are among high school students from throughout the nation who will participate in the Senate youth program here January 27 to February 1.

The students will spend part of the time in their senators' offices and will attend sessions with Senate leaders, cabinet members, military leaders, jurists and educators.

LOST HUNTERS ARE FOUND

SOMERSET, Pa. (AP)—A Fayette County minister was recovering from frost bite of the hands and feet today after he and a hunting companion were found by searchers some 20 miles from here.

The Rev. Ivory R. Adams, about 62, and Jesse Tuck, 63, both of Leckrone, spent about a day and a half wandering in a mountain wilderness in a snow storm.

They became lost while hunting near Mt. Davis when a driving snow storm piled up 8 to 10 inches of snow in the county.

They told rescuers they had walked all night and did not build any fires. They said they once heard shots from a search party but did not locate the party.

Monday afternoon, the two men walked out onto a road and ran into some of the searchers.

The Rev. Adams was in satisfactory condition at Meyersdale Community Hospital. Tuck was examined at the hospital and sent home.

Susan Wants Doll And Santa, Too

NEW YORK (AP) — Santa Claus may be able to fill Susan's order for a doll, but how bout this item on her list:

"I love you, marry me, please."

Her's was one of about 5,000 "dear Santa" letters the post office peeked at Tuesday.

Blame Finances For Torch Death

SEOUL, Korea (AP) — Investigators believe financial troubles were responsible for the suicide Wednesday of a retired South Korean army officer who set himself afire near the official residence of President -elect Chung Hee Park.

The prosecutor in charge of the investigation said the victim, Lt. Col. Kim Ki-hyun, 45, had recently suffered business failures and was jobless.

Why all the red tape?

You can understand why we don't sell narcotics without a physician's prescription. But maybe you've wondered why we're so fussy about other things . . . like penicillin, sleeping pills, the new tranquilizers. These potent medications are called "legend drugs" and you have to have a prescription to get them. Reason: Uncontrolled use may do more harm than good. Only your physician knows whether you should use them or not—and, if so, just how much. So we require a prescription. It's a matter of professional ethics and the law. Always it's common sense.
